- (1). age of the comrade.
- (2). how long in the CP.
- (3). occupation.
- (4). union membership either CIO-AFL or independent union.

It should be noted that no names of comrades were taken or recorded by the membership director, but each comrade was given an appropriate identifying number or mark on the records maintained by the membership director. The informant stated that, therefore, the records proving CP membership of each comrade is known and in possession of the membership director. No receipts were given to the CP members for dues paid or showing proof of CP membership.

The above is furnished for the Bureau's information.

Office Memorandum • UNITED STATES GOVERNMENT

TO : SAC, New York

DATE: January 6, 1950

FROM : Director, FBI

SUBJECT: COMMUNIST PARTY, USA - MEMBERSHIP
INTERNAL SECURITY - C

There is attached herewith a compilation of Communist Party membership, first by states and secondly, by Communist Party District. These figures were obtained from the various field offices throughout the country. It should be noted that the total membership figure, however, should only be considered as an approximation inasmuch as some field offices did not have a definite membership figure and gave only their best estimate. It appears that this is true of the New York Office.

It is suggested that you include these figures in the next quarterly report submitted by your office in connection with the Communist Party, USA, on a national basis. Through your available sources, you should continuously be on the alert in an effort to obtain a complete up-to-date estimate concerning membership of the Communist Party, USA.

For your additional information, data have been received from the San Francisco Office reflecting that on November 30, 1949, [redacted] advised that Archie Brown, Communist Party State Trade Union Director in San Francisco, had stated that Communist Party members should be friendly with old Communist Party members who were no longer active in the Communist Party in an effort to get the latter individuals back into the Party. The possibility of developing additional confidential informants as a result of this move by the Communist Party should not be overlooked by your office.

REPORT MADE AT NEW YORK	DATE WHEN MADE 1/19/50	PERIOD FOR WHICH MADE 12/19/49-1/13/50	REPORT MADE BY RUSSELL S. GARNER
TITLE COMMUNIST PARTY, USA DISTRICT NO. 2, NEW YORK DIVISION		CHARACTER OF CASE INTERNAL SECURITY - C	

SYNOPSIS OF FACTS:

QUARTERLY PERIOD - OCTOBER 1st THROUGH DECEMBER 31, 1949

[redacted] confirmed as Organizational Secretary of Waterfront Section of CP, NYC. 1949 membership of District No. 2 continues to approximate 25,000. CP election campaign expenditures in District No. 2 put at approximately \$20,600. As security precaution, CP headquarters in New York were under guard day and night for several days in mid-October 1949 following conviction of 11 Communist leaders. Group system for security reasons continues in operation. No indication CP has gone underground since trial ended. Factionalist groups evidencing desire to reaffiliate with CP since conclusion of trial. NYC Councilman BENJAMIN J. DAVIS, only remaining Communist holding elective public office in United States, decisively defeated for re-election. Election hailed by CP to be of national importance. Shortly thereafter DAVIS expelled from City Council because of his conviction in Communist trial. Congressman VITO MARCANTONIO, American Labor Party candidate, crushed in his NYC Mayoralty bid. Feinberg Law held unconstitutional by NY State Supreme Court following sustained attack by CP. Fight for rent control, public non-discriminatory housing program, and alleviation of NYC water shortage pushed by CP. NY State Labor Youth League and CP veterans' and women's groups active in support of DAVIS and MARCANTONIO. Pitfalls of setting up third left-wing labor union recognized by CP. White chauvinism continues to be denounced and exposed by CP. Lack of contact by labor movement with rural groups stressed. Communists seeking control of proposed Television Authority. Activities of District No. 2 among national groups set forth. CP continues to be critical of religion. Reading and studying of magazine "Soviet Russia Today" by CP members urged by CP as source of facts and information

LATIN SPEAKING SECTION REFERRED TO BY WINCHELL IN REALITY IS ITALIAN CONCENTRATION SECTION. EXAMINATION OF DUES PAYMENT PERCENTAGES OF OTHER FOURTEEN BRONX COUNTY CP SECTIONS LISTED IN THIS BULLETIN FOR SAME PERIOD SHOWS THE DUES PAYMENT SITUATION IN THESE TWO SECTIONS IS EXCEPTIONAL AND NOT TYPICAL NOTWITHSTANDING WINCHELL'S STATEMENT THAT THIS SITUATION IS "TYPICAL AND NOT EXCEPTIONAL" SINCE CONVICTION OF CP LEADERS. WINCHELL'S CONCLUSION BELIEVED TO BE ERRONIOUSLY DRAWN. IT IS QUITE POSSIBLE THAT LAG IN DUES PAYMENT IN THESE TWO SECTIONS / DURING LAST QUARTER OF NINETEEN FORTY NINE WAS CAUSED BY SOME ORGANIZATIONAL OR ACCOUNTING DEFICIENCY OR OVERSIGHT ON PART OF BRONX COUNTY CP APPARATUS CONCERNING WHICH THE NY OFFICE HAS NO KNOWLEDGE. IT HAS BEEN NOTED THAT DUES PAYMENT BY CP MEMBERS GENERALLY WILL SHOW GREATER LAG IN LAST MONTH OF ANY QUARTERLY PERIOD THAN IN FIRST MONTH OF SAME PERIOD.

Life of the Party

By Elizabeth Gurley Flynn

Member, National Committee, Communist Party

se Party members.

hate to agree with the chief of FBI even by inference, but I optimist enough to believe that a membership is possible for Communist Party in the next years, especially if President Truman keeps swinging the Taft-Hartley club against the workers, edup and layoffs continue, rents up, relief is cut, the Negro people are denied civil rights, the beat of a suicidal war is thrown in with reckless disregard of man lives, and J. Edgar cooks up spy scares annually.

HAVE JUST been in Wisconsin and Indiana for a short visit good to get out of hectic New York for a while. In these two states socialism is a real tradition, regardless of those who may call themselves "Socialists" today.

From Milwaukee, Socialist Congressman Victor Berger was re-elected at a special election in December, 1919 after he had been refused his seat in Congress. He had been convicted under the Espionage Act in 1918, for articles against World War I in his paper the Milwaukee Leader, and sentenced to twenty years in prison. In 1921 his sentence was reversed by the U. S. Supreme Court because Judge Landis was disqualified on account of his prejudicial conduct before the trial.

In December, 1923, Berger finally took his seat in Congress without a single dissenting vote.

So Milwaukee workers are not unfamiliar with thought-control trials, prejudiced judges, the unseating of duly elected officials, such as we experienced in the Foley Square trial. And today many

are deeply concerned with the re-trial of Harold Christoffel, well known for his splendid leadership in the auto workers union there. We had a good meeting (Lincoln-Lincoln Memorial) in one of the halls of the public auditorium, which in spite of reactionary protests, has never been denied to the Communist Party in Milwaukee. One farmer came 250 miles to attend the meeting.

AFTER VISITING Gil and Lil Green and their happy youngsters in Chicago, my next stop was the largest steel producing city in the U. S. A. today (with all due respect to Pittsburgh), Gary, Ind. One hundred and twenty-six people were present and a collection of \$152 was made. Their quota in the Lake-County for subscriptions to The Worker was 180 and they had already collected 208 by the time of the meeting. Claude Lightfoot, Executive Secretary of the Communist Party of Illinois, spoke with such moving eloquence that you could feel the intensity with which the audience listened to his words on why he became a Communist.

I will write of what he said and what another young Negro veteran, now an auto worker, said on the same subject here in Indianapolis last night.

There has been a 20 percent increase in party membership in Lake County during 1949, the distribution of leaflets is on the increase and they are eagerly received by the workers. The latest is "Housing - Not Hell Bombs."

After the conviction of the Communist leaders at Foley Square \$800 was collected for their defense in a few days, although the steel strike was on at that time. Fanny Hartman, Communist Party

Organizational Secretary for Indiana; made the collection speech for a budget for peace. Five dollars for 1,000 leaflets on the miners' struggle came from many; a \$25 pledge came from a veteran on his expected check and a handful of "cabbages" as one steel worker called the \$1 bills. One steel worker, who proudly told me that the first Communist speaker he heard was William Z. Foster, brought his three-year son to "his first meeting."

I was told by Lightfoot that Gary is not an exception. The Steel Section of South Chicago also grew in membership in 1949.

MY NEXT stop was South Bend, Ind., which has also far surpassed its Worker subscription goal. They had a quota of 75 and have already collected 166 subs. And are still going after more. Their registration is 98 percent and they hope to hit 100.

One Negro woman who got 10 subs told me she gave a sample copy of The Worker to a deacon of her church. When she saw him again he asked, "Isn't that a Communist paper?" She said, "Yes, it is," and to her surprise he answered, "That's all right. I've got two more people who want it, too." A group came to the meeting from Elkhart, Ind. where there is a newspaper called "Truth."

One of the big plants in South Bend is Studebaker where they make light cars. Oliver makes farm equipment. Another is Benda, also busy on war orders. Indiana as a whole and South Bend especially is not hit by unemployment, as yet. In fact, speedup is so intense at Studebaker's that 30 fingers were cut off in 20 days and one worker's skull was pierced by a piece of a grinder. Paul Hoffman, former chairman of Studebaker, now in charge of the Marshall Plan, is "suspected by the workers of throwing orders from foreign countries to Studebaker's," one worker told me. More of Indiana in next column. I'm off now to Pittsburgh, my favorite city east of San Francisco.

SYNOPSIS OF FACTS:

QUARTERLY PERIOD - JANUARY 1 THROUGH MARCH 31, 1950

JOHN LAUTNER, of New York State CP Review Commission, expelled from CP as traitor and enemy agent. ISIDORE BEGUN resumes former post as Bronx County CP Chairman. District #2 membership was 26,512 in February, 1950. Fund drive for \$650,000.00 launched by District #2 in March, 1950. CP Headquarters in NYC guarded by security patrol. General security measures being tightened by Party. Circulation of anonymous letters, containing falsehoods about various CP leaders, denounced by CP. Building and broadening of ALP, as foundation of people's coalition, set as prime objective of District #2. Brook-Mitchell Bill, which was introduced into but did not pass New York State Legislature, aimed at depriving former NYC Councilman BENJAMIN J. DAVIS of right to again run for public office. 1950 legislative program adopted by District #2 includes demands for extension of rent control law; increased aid for low cost housing and education; increased coverage of unemployment insurance; restoration of New York City five cent subway fare; repeal of Taft-Hartley and Feinberg Laws, and defeat of Mundt Bill. Union of New York Veterans, formed in February, 1950, allegedly established at behest of CP. Enactment of National FEPC, anti-Lynch, and anti-poll tax legislation as well as end to anti-negro discrimination and police brutality pressed by District #2. Confidential Informant T-18, of known reliability, furnished a copy of a letter dated February 3, 1950, from JACK KLING, National Communist Party Membership Director, to WILLIAM NORMAN, New York State Communist Party Secretary, in which KLING discussed the registration and dues situation in District No. 2. Among other things, the letter reflected that at that time the enrolled membership of the New York State Communist Party was 26,512 with a registered membership of 20,282 or 76.5%.

Since nearly 1,200 of the membership are located within the Albany and Buffalo Divisions, Communist Party membership in the New York Division approximates 25,300.

Reds Admit U.S. Sickly Thinned Ranks Here

By the United Press.

WASHINGTON, April 26.—American Communists publicly admitted today that their membership is declining and their party organization is badly shaken. Registered party members probably do not exceed 47,000 this year. The admission came in the published report of last month's New York meeting of the National Committee of the Communist Party, U.S.A.

Put Loss at 15 P. C.

Communists themselves estimate they are off in membership this year by about 15 per cent from their 1949 strength of 55,000. This decline has been a continuing process since 1945.

Except for a couple of years early in the war, the climate prior to 1945 was reasonably satisfactory for the growth of the Communist party and the placing of some members or sympathizers in government jobs.

But in that year began a series of incidents which by now has aroused many Americans to the menace of a Communist fifth column in the United States.

The Alger Hiss case, the Ne-

York trial of Communist party leaders on charges of conspiring against the United States, the revelation that the FBI has its own agents operating within Communist ranks and the belated effort by the CIO to oust its Communists and fellow travelers were hard blows.

Communism grew fat on the depression of the 1930s. It is estimated that by the end of World War II there were upward of 75,000 enrolled Communists in this country, perhaps as many as 100,000. That does not include the fellow travelers.

INDICATE ONLY 47,000 NOW ON U.S. ROSTER

Washington, April 26 (UPI)—American Communists officially admitted today that their membership is declining and the party organization is badly shaken.

Registered party members probably do not exceed 47,000 this year.

The admission came in the published report of the last New York meeting of the national committee of the Communist party, U. S. A. That is the party's official title.

Communists themselves estimate they are off in membership this year by about 15 percent from their 1949 strength. This decline has been a continuing process since 1945.

Admit 15 P. C. Drop

Edgar Hoover recently gave to a Congressional committee the latest FBI estimate

of Communist membership—55,000 in 1949. Now the Communists themselves report a 15 percent drop. That would leave about 47,000 active members.

In its report acknowledging the 15 percent membership slump, the Communist national committee revealed a few things which suggest that the party is vigorously alive and kicking just the same.

For instance, the party raised a bail fund of more than \$1,000,000 in less than 10 days after its leaders were convicted in New York on charges of conspiracy. In two other 1949 fund drives it raised \$1,500,000.

COMMUNIST TOTAL PUT AT 25 MILLION

Soviet Party Still the Largest; Chinese Second—French Enrollment Shows Drop

By HARRY SCHWARTZ

Communist parties throughout the world now have a record membership of between 25,000,000 and 26,000,000 persons according to recent reports in the Soviet press.

The Communist party of the Soviet Union is still the largest with an indicated enrollment now probably approximating 7,000,000. No actual membership figures have been published for some time, but the total can be estimated by subtracting Soviet statements about Communist strength outside the U.S.S.R. from published figures for the entire world.

The last data announced for the Soviet party gave it 6,000,000 members. The present indicated figure suggests that a major recruiting drive has taken place within the past year and a half. The Young Communist League of the U.S.S.R. made a great effort to gain new members last year, netting 1,000,000 additional members in eight months.

The second largest Communist party today is that of China, with 4,000,000 members, an increase of about 1,000,000 in the past year and twice the figure claimed in 1947. The rapid gains achieved during 1949 and early 1950 were apparently the result of large-scale recruiting in the major cities of South and Central China, which were under Nationalist control in 1948.

Some important losses have been registered by European Communist parties. In France only 800,000 members are now claimed, as against 1,300,000 in 1947. The Hungarian Workers (Communist) party, which once claimed 1,150,000 members, is now down to 950,000. The Bulgarian Communists now claim 442,000 card holders, as against a post-war high of more than 500,000. Purges of suspected dissidents probably explain the declines in both these Communist-dominated countries.

The largest Communist group in Europe is now the Italian party, which claims 2,532,000 adherents, followed closely by the Czechoslovak, which lists 2,300,000. In Poland there are 1,360,000 enrolled Communists and in Rumania 1,000,000.

Outside the Soviet Union there are reported to be approximately 18,000,000 Communist party members now, the same number as claimed in early 1949. This suggests that the gains made in China have served primarily to balance the losses from nations on

55,000 Reds and 500,000 Travelers in U.S.—Hoover

For every 3,000 persons in this country, FBI Chief J. Edgar Hoover disclosed last night, there's at least one Communist Party member, a trained puppet of "the Red Hitler" at Moscow," and 10 fellow travelers or sympathizers ready to help him do the Kremlin's bidding.

Speaking at the Hotel Astor before the New York State Grand Lodge of Masons, which awarded him a medal for distinguished service, Hoover revealed that files show there are 55,000 actual Communists in our midst and 500,000 "hypocrites and moral swindlers" who he termed almost equally dangerous to our internal security.

These groups work on a "mass influence" basis, he warned, by "constantly gnawing away like termites at the very foundations of American society." Then, when caught, he said, "they seek

the protection of the freedoms which they constantly seek to destroy."

Chief dangers of fellow travelers, Hoover asserted, lie in the fact that they represent a source of wealth, financial resources, the creation of valuable contacts and levers of social, economic and political pressures—all recruiting grounds for espionage information and agents.

EVENT NO. 2
DATE OF DEC 1950 CLASSIFICATION INDEFINITE

At the regular meeting of the Bryant Club held at [redacted]
on Tuesday night April 18th. the following people were

present: [redacted]

[redacted] The others of this group are
comparatively new people, some whose first name I know, others I don't,
because they either come very seldom to meetings or their name is rarely used.

The meeting started at 9:30 and [redacted] read the Agenda, Fund Drive,
Dues, Literature, report by [redacted] on the breaking up of the Bryant
Club, followed by a discussion on this very important function.

[redacted] spoke on the fund drive saying that we had \$1200. in so far and
the quota is \$1800., there are a few people who did not fulfill their quota,
others were not visited and so the Section is depending on us to reach this
goal. X

Every club has reached its quota, we are lagging, she then went on to
explain the importance of closing the drive by this Sunday, how there is so
much work to do in the club, in the Community and in our concentration areas.

These functions cannot be taken care if we do not complete the drive.
The Party cannot function, cannot fight the many appeals against our people,
EUGENE DENNIS, etc, the Mundt-Ferguson Bill is still being pushed in
Washington and it takes plenty of money to fight it.

[redacted] spoke on the importance of closing our drive by this Sunday and
going on to more important business in the club. He asked if [redacted] would
ask those people here tonight, who did not give their entire quota, to
comment on the exact time they will turn in their money.

[redacted] who still owes \$30. when she would give hers, [redacted]
said it was very difficult to say, but would try by next Tuesday. One of the
ALP fellows still owed \$20.00 and he was going to give it this Sunday.

[redacted] when he could pay his \$15.00 and [redacted] said it was very
difficult to raise the whole sum, but would give \$5.00 this Thursday. The
rest of his quota would have to be taken up with the executive.

[redacted] was asked about his, but gave no definite promise be-
cause his job was so uncertain.

[redacted] asked if anyone would like to visit people she has the names and

C O P Y

~~CONFIDENTIAL~~
will give the out after the meeting.

Lues for April were collected by [redacted] is the group captain for the II group. Practically all members paid their dues.

[redacted] had copies of the May I.P. and urged all to buy a copy, because this month I.P. carried a complete article on the recent Plenum reports by [redacted] were the highlights of the Plenum. Therefore, we urge all to buy a copy, because in the next few meetings we're going to discuss this plenum at our meetings.

The first and most important point on the agenda is the question of the breaking up of the Bryant Club.

I.P. said first this breaking up is necessary because of security reasons and also that the U. must get bolder and bolder if we are to win this fight for peace and against racism.

The forces of reaction are closing in on us and we must fight harder to overcome them.

In this respect we must continue our fight against the Bundt and Ferguson Bill, for this is a civil right program, Negro Unity with all peoples, and many other problems will come up from day to day.

I.P. made the following proposals, after they were discussed thoroughly at an executive meeting last Sunday night. Above proposals were only recommended to the club and only after careful discussion by the executive. The Bryant Club is to be broken into two clubs Bryant Club 1 and Bryant Club 2. Bryant 1 was to be composed of the following people: Chairman, Organizer, V.I.P.M. Sec., Welfare Director, she was to take care of the names, addresses, etc. of each member, this was the membership director before, Mrs. L. V. WOOD, financial sec., Mr. [redacted], Press Director, Literature, V.I.P.M. Sec., Educational Bill Board. I.P. then read off the names of people in club 1. Club 2 consisted of the following officers: I.P. as Chairman, organizer, Welfare or Membership, Ray L. V. WOOD (proposed) V.I.P.M. Sec. (accepted), Educational, J. A. C. WI, Press, Morris M. F., Financial Sec., G. E. Paul RO.

Then followed the members who would be in club 2. This set up did not meet with the approval of those present, saying that by splitting up, those in the I.P. would find it difficult to carry out their I.P. responsibilities, because they would attend meetings on different nights, etc.

I.P. said that this was only tentative and if the executives of both clubs thought changes were necessary a meeting was going to be held next Monday of the both executives, and changes made if necessary, as to members and officers of both clubs.

b6
b7C

C O P Y

~~CONFIDENTIAL~~

Nevertheless, this breaking up was of the utmost importance because of the risk of having a large club, a smaller club can function better, their membership can be visited and more people activated to do work which was neglected till now.

b6
b7C

[redacted] asked for volunteers for this Saturday and Sunday to go out and canvass our concentration area with workers and literature. X

Fund drive money must be in by Sunday.

RE: COMMUNIST PARTY, USA
MEMBERSHIP
(Bufile 100-3-68)

Dear Sir:

[redacted] who is highly reliable and who is in a position to furnish valuable information concerning the Communist Party, has advised by interview April 18, 1950, that the present membership of the Communist Party totals between 60,000 and 65,000 individuals. Informant stated that he considered this the lowest total membership of the Party in many years. Informant advised that the Party, in his opinion, reached its greatest membership around 1943 and 1944 when EARL BROWDER was heading the same, which amounted to 100,000 to 110,000.

b7D

The informant stated that with regard to membership records it was his belief that such records are not on file at National Headquarters and, as a matter of fact, he is convinced there are no membership lists as such in existence today. The informant stated that the only means of identifying members would be through local club organizers who would know the identity of each member of his club, and that officials higher than the club organizers would only be acquainted with the total number in the various Party divisions.

Very truly yours,

EDWARD SCHMIDT

Fund Drive:

[redacted] said, "We called [redacted] in for a report on how to raise the rest of the funds for the drive. We have in now \$317.00." [redacted] said, "We had planned a dance and a dinner. The dinner was supposed to be at [redacted] house." [redacted] said, [redacted] told her they just got home from a trip, and will let us know when she can arrange to have a dinner at her home."

[redacted] said, "We could use the press list and ask for donations, that is those who go out on Sunday mornings." [redacted] agreed to get such a list ready, and bring it in to the next regular meeting at [redacted] home on Tuesday, April 4th.

Probable Expulsions:

[redacted] said, "We have two cases that we think something ought to be done about, [redacted] will you tell about the case you spoke to?"

[redacted] said, "I visited the [redacted] has promised to contribute to the fund drive every year. But only gave five dollars once, and that was shamed out of him. I also asked his wife [redacted] to sit in and talk with us, but she was always running around the house doing something or other. And also [redacted] is with [redacted] union, and claims to be on the exact of the union, and has too much work to do, there. But I've heard that he is not handling this work right as a communist. Everything is hush-hush when you ask him if such and such an issue has been brought up in his union."

b6

[redacted] said, (after [redacted] suggested that we call [redacted] in to the next meeting with [redacted] and have [redacted] testify about [redacted] activities with the union,) "It isn't fair to bring Sam in on this exact with [redacted] but we should ask Sam on the side about [redacted] before calling [redacted]"

cont. 2. [redacted] up in front of the exec. The union certainly is our affair, when we are supposed to have a communist active in that union. We can then know what we want to discuss with [redacted] to, and demand funds for the fund drive."

[redacted] agreed with this, said, "These comrades certainly should be called before the exec and made to feel their responsibility as members of the Party."

[redacted] said, "Now for the other case, which is much worse, we have visited two comrades who have bee in the Party for fifteen years, and are former members as Section Heads. They have refused to contribute anything at all to the fund drive. We argued with them, and finally [redacted] offered us one dollar, which we felt was an insult and refused. We pointed out that some members are living on \$100.00 a month, and can find something to give in to the fund drive.

[redacted] makes \$303.00 a month, after all taxes and what not is deducted from her pay. (Public School teacher - 1A to 2B).

[redacted] was shocked when [redacted] said to us, to drop him from our rolls if we don't want to except his offer. I believe we cannot expell anyone from our rolls, unless the Section ok's it, at least that was told to me by the Section at one time."

[redacted] said, "I don't really know, but I think you just write an expulsion letter to the people, and send a copy to the Section. Thats how you expell people." I certainly think that its no use wasting time on these people. But call them up before the exec meeting first and have it out with them. Then if they do not show up, there is no use wasting time on them."

Group meetings:

[redacted]

[redacted] said, "We have a large area here and well spread out. So we think that [redacted] should be transferred over to the Supthin Club. Also [redacted] and two others that live out so far. [redacted] lives within five blocks of the organizer of the Supthin club."

[redacted] said, [redacted] is active in our club, he is a group captain, and goes out with the press or willing to. I've been talking to his [redacted] to get him to attend our meetings, but so far it hasn't worked."

[redacted] was finance director of the Richmond Hill club before the club united into Ozone Park club, and the reason [redacted] is resentful of attending our meetings, is that he wanted to be finance director in place of [redacted] is far more active than [redacted] has a government job, and will only attend meetings. Has never done any other work for Ozone Park Club. [redacted] knows he was a better finance director turned over to lose some \$60.00 from the Richmond Hill club funds. [redacted] has never been able to build up these funds in the Ozone club treasury.)

[redacted] said, "We also have one comrade that lives in Kew Gardens who never come out to a meeting. We should transfer her out also. [redacted] you should take care of this right away." [redacted] seems afraid that [redacted] and others are better organisers than himself, but likes to think he knows it all, and no one else knows anything. [redacted] so gave the impression to [redacted] that this is really an intelligent club and one that is active for her benefit tonight.) [redacted] will discuss this with the Section.

Section staff:

[redacted] said, "It has been suggested that [redacted] be the Section Membership Director. I think we should fight against this. There are too many being taken out of Oxone Park club for the Section. The Section should be called down on this. Can't they find anyone from other clubs? I also am against [redacted] being taken out for Section Literature Director, but I don't know how [redacted] feels about it. [redacted] has a lot of troubles at home, in fact [redacted] said that [redacted] came here crying the other day, because her mother has invited [redacted] to do away with herself and the baby. Isn't that right [redacted]

[redacted] said, "Yes, [redacted] came up in a terrible condition, and complained that her mother just about asked [redacted] to do away with herself and the baby. But [redacted] is interested in being the Section Literature director [redacted] had previously told [redacted] wants this office with the Section.) The problem is finding an apartment for [redacted]. Even then [redacted] will have trouble in not having anyone to care for the baby, to be really active. [redacted] to speak to Bea about it, however.

Press:

[redacted] said, "I don't think we should go out in a new concentration area for the next two Sundays, being Palm Sunday and Easter Sunday. The people in the area might resent it and it will do more harm than good."

[redacted] said, "It wouldn't hurt to go out with the leaflet that [redacted] planned. Write up a Happy Easter leaflet for it." [redacted] said that was an idea, we could tie in Easter with Peace. [redacted] said, Can you go ahead and get the leaflet written up and bring it to the next meeting before running it?" Agreed upon, with the help of [redacted] and [redacted]

[redacted] looked at his [redacted] and said, "Oh well, there has been a lot of talk about making this a Section by itself, and take in from City Line to the Parkway and from Woodhaven to Jamaica. It is a large area as you can see." [redacted] then said, "I don't think that we should consider [redacted] for Section Literature director, because she has so much trouble at home, now. I'm against it."

May Day:

[redacted] said, "May Day is coming up and I think we should have a big educational program on May Day. But who can give such an educational? [redacted] said, [redacted] once gave a beautiful educational on May day why not ask him to give it again?"

[redacted] broke in saying "wait a moment, you sent me as a delegate for last Saturday, to the May Day conference. We have plenty of material on May Day. Besides, it cost me one dollar which you didn't mention was to be the delegates fee." [redacted], said, [redacted] make out a slip and give [redacted] back the dollar. [redacted] can you prepare an education on May Day for the next meeting? Agreed.

Mass Org. Work:

[redacted] said, "The hour is late, but I wanted to talk on mass org work. We should especially build up the ALP. The ALP is the most important to build up in this area now. But all should belong to some massorg and work from within that and report back once a month. We need volunteers for the ALP it must be done. It is a case of my giving up the President of the club and work in ALP to build it up alone otherwise. I've got to have volunteers for building up ALP. I just can't do both organizer and chairman of ALP too. Neither job is done well that way." [redacted] has been using this as an excuse for non-activity for a long time now. Even when [redacted] was speaking from a sound truck, and [redacted] supposed to be head of ALP then, [redacted] was missed and couldn't be found at the street meeting. He later gave the excuse that a neighbor was with him and he couldn't show that he was an ALPer. Also [redacted] has refused to go out as an open communist on selling the press on Sunday mornings. He said he would even say he'd volunteer at our regular meetings, but would not show up.)

[redacted] said, "I don't know the people very well yet, but if we can't get enough volunteers we will have to double up w/ th the people we have."

U.S. Reds Go Underground To Foil F. B. I., Hoover Says

540,000 Communists and Followers Seek
Our Atomic, Military, Industrial Secrets,
He Tells Closed Senate Unit Session

By The United Press.

WASHINGTON, June 8.—J. Edgar Hoover, director of the Federal Bureau of Investigation, warned Senators two months ago that unprecedented numbers of Communists were seeking United States atomic, military and industrial secrets.

Mr. Hoover's hitherto secret testimony last April 3 before a Senate Appropriations subcommittee was disclosed today.

It was revealed that he had asked for more agents to ferret out a "potential fifth column" of 540,000 people" including 54,000 known Reds and nearly 500,000 sympathizers who, he said, were more active now than Nazi and Fascist operatives ever had been during World War II.

He said the Communists have gone underground, use "double talk," and have instituted their own "loyalty" purge to make the F. B. I.'s check on them more difficult. They are even checking their thirteen-member Central Committee, he added, and have set up no fewer than forty-nine

"loyalty" boards of their own. He said that in addition to secret codes and destruction of membership records, the spy leaders have set up "investigating committees" in every state as well as a special three-man subcommittee to keep tabs on the party's executive committee.

Some spies, he said, hide behind "diplomatic passports." In some instances they "may very well be employed as a clerk or in some minor capacity in a foreign establishment" but actually give orders to higher-ups, he testified.

He said the F. B. I. must expand its work to "preserve our internal security" in event of emergencies. Mr. Hoover testified that Soviet sympathizers were after information on atomic research, radar, jet propulsion, coastal maps, military airports, biological warfare and industrial resources.

Mr. Hoover said the job of dealing with native-born Communists and sympathizers was much more difficult than the wartime job of

curbing Nazi agents, because the espionage laws were intended mainly to deal with aliens.

"There is less likelihood for a native-born citizen to attract suspicion than there is for an alien, because he blends into the very background which he would destroy," he explained.

Mr. Hoover, who said the Reds also were stirring up civil rights agitation in the South, lashed out at the National Lawyers Guild which, he said, had allowed itself to be used as a sounding board for Communist actions. He accused the Guild of having tried to oust him from his job since 1940.

Mr. Hoover appeared before the subcommittee to request increased appropriations for a larger F. B. I. administrative and investigative staff. He said part of the money was needed to handle "internal security" cases.

The "orbit of Red Control Spreads

The "orbit of Communist control," he explained, has increased from one-seventh of the world's population in 1917 to one-third of the world's population today.

"The intensification of communism and underground activity in the United States has increased proportionately," he said. "If we are to preserve our internal security in times of emergency, it is incumbent that the identities of those who work against the peace and security of America be established."

Mr. Hoover said the Communists had launched an all-out drive to infiltrate heavy industry and communications. A partial breakdown of its 54,174 members reflects the party's concentration on heavy centers of population, he said.

He added that New York State has 25,000 Communists; California 6,977; Illinois 3,361; Pennsylvania 2,876; Ohio 2,834; Michigan 1,250; Massachusetts 1,022; Nevada 23; Wyoming 10; Tennessee 27; Alabama 14; and New Hampshire 43.

Even though there are only 54,174 members of the party, the

fact remains that the party leaders themselves boast that for every party member there are ten others who follow the party line and who are ready, willing and able to do the party's work," he said.

"In other words, there is a potential fifth column of 540,000 people dedicated to this philosophy."

The recent conviction of the eleven Communist leaders in New York has driven the party into concentrated underground activity, Mr. Hoover said, and no party cards were issued in 1949 or 1950. Maintenance of membership records also has been discontinued, he testified.

To counteract the F. B. I.'s penetration of the Communist party its leaders have established a far-reaching and vigorous loyalty program of its own, calling for the establishment of investigating committees in each state and a thorough investigation of each member of the party as to personal history, activities, associations, contacts and length of membership," he said.

He said the F. B. I. had "good sources of information" and "good representation in the party in varying positions of trust," but that it was more difficult to penetrate the party today than formerly.

"Those in the party exercise greater caution and investigation of party leaders requires more ingenuity," he explained. "Public meetings are maintained at an absolute minimum," he said, and a courier system has been established to protect confidential communications.

"Surplus Secreted for Future"

"Secret printing facilities and supplies have been secreted for future underground operations, and transfers of party members from one district to another are now controlled through the use of an elaborate identification system," Mr. Hoover testified.

As proof of F. B. I. efficiency, Mr. Hoover noted that seven of its confidential party informants had been revealed during the trial of the top party leaders and said "we had more available if they were necessary."

Forty-eight per cent of the party membership, he continued, is in the basic industry of this country, as in this manner they would

be able to sabotage essential industry in vital defense areas in the event of a national emergency."

Mr. Hoover said the Communists recently had stepped up their activities in the steel, heavy machinery, mining, communications, transportation, electrical and maritime industries.

But he said the "most amazing" thing to him was the way they have been able to infiltrate the legal profession—an apparent reference to the Lawyers' Guild.

"It is regrettable," Mr. Hoover said, "that any association of lawyers will permit itself to be used and parrot the Communist party line."

He said the Communists also had made "special efforts" to penetrate the communications field. To this end, he said, they established special courses in radio writing, acting and directing.

"One front group boasts of having thousands of monitors in every section of the country who will take up a letter writing campaign against any commentator who disagrees with what they advocate," he said.

MEMORANDUM TO ALL DISTRICTS

Re: DUES CONTROL

Enlist Every Communist in the Fight for Peace !

Dear Comrades:

The National Committee at its recent Plenum, and in meetings with the district leaderships since then, has given major emphasis to the need of developing a fighting crusade for peace - a crusade which will penetrate every nook and corner of the nation, every shop and industry, every working class community, every people's organization. This crusade for peace must aim to reach the millions of American working people, Negro and white, young and old, men and women; to arouse them into action in support of the Stockholm Appeal to ban the atom bomb; to organize hundreds and thousands of peace committees which will carry on consistent day to day activity against the adventurist imperialist drive of Wall Street to unleash a Third World War.

Already, thousands of Communists, hundreds of clubs, are engaged in the most varied types of activities in the struggle for peace. But it must be noted that as yet not every member, not every club, has been enlisted in this crusade. We cannot be satisfied until every single Communist is at his post, until every single Communist recognizes his responsibility in helping to reach out to, and organize hundreds of non-Communists in this struggle. Only the maximum mobilization of our membership, and through them every partisan of peace, can guarantee the development of the type of peace movement the present critical moment demands. This task cannot be fulfilled with a section of our membership; the entire membership must be involved.

With this objective in mind, and as an indispensable part of the work that is mapped out for all of us in the months ahead, it is necessary to take immediate steps to bring into activity those members who are not coming to meetings, who are not paying dues. The low dues payments existing in most districts of the country is evidence of the unsatisfactory degree of contact with our membership and the still unsatisfactory level of political mobilization for the fight for peace. The dues situation indicates the need for an all out fight by the entire leadership on all levels to help overcome this situation and bring about the speedy integration and involvement of all Communists in the peace crusade.

For this reason we are proposing that all districts immediately plan to carry through a dues control during the months of June and July. While the aim of this control is to bring every single member in arrears into good standing, the primary aim is to involve the members in the activity for peace. To guarantee that this control will not be initiated and carried through in a routine formal manner we want to urge for your consideration the following tasks:

1. The dues control shall be launched at meetings of activists which discuss the tasks in the peace crusade and equip our members with the necessary ideological clarity to fulfill their responsibilities. Every activist shall be enlisted to bring back into activity at least five non-attending and non-dues paying members.

page 2.

2. Each state committee shall address a letter to the clubs and to each member outlining the tasks in the crusade for peace, and calling upon the members to come to meetings, to take an active part in the campaign.

3. Club executive committees shall be urged to meet at the earliest possible date in June with the aim of reviewing the entire membership, determining the causes for non-attendance and non-dues payments, and organizing themselves into a brigade to guarantee that every such member is reached in a period of a week.

3. Every single member not attending club meetings or paying dues shall be visited to discuss with them the present world situation, the increased danger of war, and the tasks that fall upon the shoulders of Communists. The leaders of the clubs shall discuss with these members their dues payments, attendance at club meetings, and how they can help in the peace campaign.

4. Every district and section leader shall be given responsibility to supervise the carrying through of the dues control on a week-to-week basis, with the aim of showing definite progress in the integration of the membership throughout the period of the control.

We want to ask that this letter be discussed in your District Board, and that you transmit to us the plan you have worked out to carry through the control.

Comradely yours,

Mike Russo

QUARTERLY PERIOD - APRIL 1st THROUGH JUNE 30th, 1950

GUS HALL named National Secretary of CP, USA and Secretariat of three appointed by National Committee, CP, USA in late April, 1950 to assure continuity of leadership during EUGENE DENNIS' imprisonment and WILLIAM Z. FOSTER's absence because of illness. Numerous other personnel and organizational changes made about same time. Fifteenth National Convention, CP, USA scheduled for December 14-17, 1950. National CP membership now approximately 46,000. Overall decrease noted in CP's industrial concentration program. Total of \$120,200 of \$175,000 fund drive goal collected as of 5/3/50, with drive extended to 6/15/50. CP, USA admits being hard pressed for funds as consequence of tremendous cost of trial. Strengthening of vigilance against Party's enemies reiterated by CP, USA. Existence and utilization of secret apparatus communications system by CP, USA reported. Considerable distrust and factionalism because of present leadership said to exist in CP, USA. Full support given by CP, USA to World Peace Movement and to securing five million signatures to Stockholm Pledge. CP, USA vigorously protests General MacArthur's ban on Japanese CP. CP, USA claims JOHN FOSTER DULLES was "trigger man" of South Korean "invasion" of North Korea as part of Wall Street's scheme for American imperialist domination

of Far East. CP, USA hopes to elect bloc of pro-peace, pro-labor candidates, strengthen Progressive Party and build coalition movement in order to advance independent political action. Democrat-Republican-Liberal coalition in NYC running candidate in effort to defeat Congressman Vito Marcantonio in fall election. Campaign continues to be waged by CP, USA to defeat Mundt Bill, enact FEPC, repeal Taft-Hartley Law, and free EUGENE DENNIS. New third federation of labor not being considered at present, but CP, USA re-emphasizes establishment of united front action from below in defense of workers' economic and political interests and in repudiation of pro-imperialist policies of top CIO and AFL officials. Communist veterans seeking to raise \$50,000 for DENNIS' freedom. Intensified struggle continues by CP, USA against white chauvinism and for negro rights. CP youth and women's front groups active mobilizing their forces to collect signatures in support of World Peace Appeal. Widespread CP support given to defense of Congressional contempt convictions of Hollywood Ten and Executive Board of JAFRC. Party work in Jewish field severely criticized by National Committee, CP, USA for deviation from established Party line, inadequate mass work and lack of unity among leading Jewish comrades. Religious leaders being organized in support of peace movement. Library at National CP Headquarters planned. Struggle for peace stressed by CP, USA in its educational work.

1950 NATIONAL MEMBERSHIP APPROXIMATELY 46,000

At the National Committee plenum held at National CP Headquarters in New York City on March 20-22, 1950, HENRY WINSTON, National CP Organizational Secretary, delivered a report on organization and Party-building as reflected in "Political Affairs" for May 1950, Pages 59-82.

In his report WINSTON mentioned that to date 83% of the Party's 1949 membership had been registered, but he added that this registration doubtless would be increased to 85%, thus meaning a 15% fluctuation for 1950.

WINSTON stated that this 1950 fluctuation was lower than those of 1949 and 1948. He explained that this reduced fluctuation took place on the basis of a sharp downward curve in recruiting during 1949, thus accounting in part for a reduction in the total membership of the Party.

Since Confidential Informant T-1, of known reliability, has previously reported that the 1949 national membership totaled 54,000 and allowing for a reduction of 15% in membership, thus it would appear that the 1950 membership is approximately 46,000, as of March, 1950.

According to the article, in his report WINSTON blamed this decrease in membership upon the unprecedented drive and ceaseless attacks "unleashed by reaction" through the trial of the eleven Communist leaders; Grand Jury indictments of State and County leaders in Los Angeles, Houston, Dallas, and Denver; deportation proceedings against Communists and other progressives; the contempt citation of EUGENE DENNIS; Government loyalty oaths, etc.

NY 100-4931

OVER-ALL DECREASE NOTED IN PARTY'S INDUSTRIAL CONCENTRATION PROGRAM

In the aforementioned report given by HENRY WINSTON at the National Committee plenum in March 1950, contained in "Political Affairs" for May 1950, Pages 59-82, he cited January 1950 registration results for the Party in some concentration districts in comparison with January 1949 figures. These were:

Ohio	— 1½% decrease in rubber workers.
Western Pennsylvania	— 29% drop in steel workers with 7% drop in coal miners.
Illinois	— Packing house workers 6.3% off; increase of 58% in railroad workers.
Michigan	— 5% increase in automobile workers.
California	— 5% increase in radio and electrical workers; 41.2% increase in teamsters; 71% increase in automobile workers.
New York	— 46.4% increase in railroad workers; 19% increase in longshore workers; 15.4% increase in electrical workers; 27.1% decrease in marine workers; 17.7% decrease in transport workers.

WINSTON, in his report, according to the article, admitted that the weakness in Party work in clubs was associated with a weakness in unfolding the Party's policy of industrial concentration. He cited the policy formulated at the National Convention in 1948 but observed that this policy was watered down in practice during 1948 and 1949.

NY 100-4931

The article said that WINSTON emphasized that this condition must be rectified during the remainder of 1950 since the building and strengthening of the Party among basic workers was indispensable to helping the working class successfully meet monopoly reaction's drive toward Fascism and war.

DUES CONTROL DURING JUNE AND JULY PLANNED TO AID PEACE FIGHT

Confidential Informant T-22, of known reliability, made available a memorandum dated May 26, 1950, from MICHAEL RUSSO, Assistant National CP Organizational Secretary, to all districts, relative to dues control.

The memorandum stated that the National Committee, at its plenum in March 1950, and in meetings with the district leaderships since then, had given major emphasis to the need of developing a fighting crusade for peace, but that it had been noted that in the struggle for peace as yet not every member, not every club, had been enlisted in the crusade. The memorandum indicated that the Party could not be satisfied until every single Communist was at his post and recognized his responsibility in helping to reach out to and organize hundreds of non-Communists in this struggle. Only the maximum mobilization of the membership, the statement said, and through them every partisan of peace, could guaranty the development of the type of peace movement the present critical moment demanded.

The memorandum pointed out that with this objective in mind it was necessary to take immediate steps to bring into activity those members who were not coming to meetings, who were not paying dues. The low dues payments existing in most districts of the country, the memorandum said, were evidence of the unsatisfactory degree of contact with the membership and the still unsatisfactory level of political mobilization for the fight for peace.

For this reason, the memorandum continued, it was proposed that all districts immediately plan to carry through a dues control during the months of June and July with the aim of bringing every single member in arrears into good standing, the principal aim being to involve the members in the activity for peace.

ADDITIONAL INDICATION THAT NO MEMBERSHIP RECORDS EXIST TODAY

Confidential Informant T-20, of known reliability, stated that, with regard to membership records, it was his belief that no such records were on file at National CP Headquarters and, as a matter of fact,

RSG:ENC

- 4 -

NY 100-4931

he was convinced that there were no membership lists as such in existence today. The informant stated that the only means of identifying members would be through local club Organizers who would know the identity of each member of his club, and that officials higher than club Organizers would be acquainted only with the total number in the various Party districts.

Another item which came up regularly at National Committee meetings was the matter of dues. When I first joined, party members paid 10 cents dues weekly if earning weekly wages of \$15 or

CLIMBING JOSEPH'S LADDER

less. This was also the rate for housewives. Members earning over \$15 and up to \$25 paid dues of 25 cents a week. The rates continued to rise as the weekly income increased, until members receiving over \$40 and up to \$50 paid dues of \$1 a week. Those getting more than \$50 a week had a special tax of 50 cents for each \$5 above the \$50 earnings.

In the years that followed, the rate fluctuated; sometimes it was 1 per cent of the member's total wage and sometimes it was a flat rate. These constant changes made it as difficult to follow the financing of the party as it was to keep track of the names and locations of its various divisions.

When Miss Elizabeth Bentley in testimony at Washington in 1948 was vague about what dues had been collected for party purposes at a certain time, some people were inclined to raise their eyebrows at her lack of information. Thereby they revealed their own unfamiliarity with Communist practices.

In January of each year, the branches are given an added duty, the registration of the membership. The old party cards are then collected and new ones given out. A checkup of dues is made at the same time. Registration is something more than a routine affair; since this is the Communist party, it has its wider political aspects. It is made an occasion for reclaiming those who have slipped by the wayside; it also places upon the shoulders of the most active branch members the duties of visiting the other comrades in their homes and discussing their attitude toward the party. It thus has what is called a "control" feature, too—that is, a means of learning something more about the degree of loyalty of the individual party members.

"Control" data can be used in a number of ways. It may furnish a clue to a comrade who is turning sour politically, and supply a means of straightening him out. It may, in particular, lead to a comrade's promotion on selection as a student for a secret training school. If the control material jibes with the way in which a comrade conducts himself in the branch, he is sure to receive encouragement to rise higher in the official party family. Although the branch leader absorbs much of the meeting time in explaining the line and molding the comrades, some discussion is permitted the rank and file. The chief reason for this, particularly for having them report on their assignments, is to give the leader a chance to observe them and to note what Marxist readings they refer to, and thus to form some judgment of them as possible party functionaries.

CP, USA- FUNDS: INTERNAL SECURITY -C, CI [REDACTED] ADVISED THAT BRYANT CLUB ORGANIZER, [REDACTED] VISITED HIS HOME LAST EVENING FOR THE EXPRESS PURPOSE OF IMPRESSING HIM WITH THE URGENCY AND IMMEDIACY OF THE CURRENT TWO HUNDRED THOUSAND DOLLAR CP, USA, FUND DRIVE. [REDACTED] STATED THAT SEVENTY PER CENT OF THIS AMOUNT MUST BE COLLECTED BY MONDAY NIGHT, AUGUST FOURTEEN. SHE SAID THAT THE QUOTA FOR BRYANT CLUBS ONE AND TWO, BRONX COUNTY CP, IS EIGHTEEN HUNDRED DOLLARS. [REDACTED] ADVISED INFORMANT THAT THIS MONEY WAS NEEDED TO ASSIST IN THE DEFENSE OF THE ELEVEN CP LEADERS AND TO FINANCE OTHER IMMINENT PARTY EXPENSES. SHE POINTED OUT THAT THE HARLEM EDITION OF THE DAILY WORKER AND OTHER EDITIONS NOT NAMED WERE BEING SUSPENDED DUE TO LACK OF FUNDS. SHE FURTHER STATED THAT ALL CLUB MEMBERS EVEN THOSE ON VACATION MUST BE CONTACTED FOR THIS FUND DRIVE EVEN BY REGISTERED MAIL IF NECESSARY. SHE REQUESTED INFORMANT TO CONTACT ANOTHER CLUB MEMBER IN CONNECTION WITH THIS FUND DRIVE. SHE WROTE THE NAME OF THIS OTHER INDIVIDUAL ON A VERY SMALL SLIP OF PAPER, STATING TO [REDACTED] THAT IT WOULD BE THE PRACTICE IN THE FUTURE IF NAMES HAD TO BE WRITTEN THAT THEY WOULD BE WRITTEN ON SUCH SMALL SKIPS OF PAPER SO THAT THE COMRADE COULD SWALLOW THEM IF NECESSARY, AS WAS DONE IN HITLER GERMANY, TO PROTECT THE IDENTITY OF OTHER COMRADES. INFORMANT ADVISED THAT [REDACTED] HAD ON MANY PRIOR OCCASIONS STATED THAT THE PARTY GENERALLY FROWNS ON THE USE OF TELEPHONES FOR TRANSACTING CP BUSINESS, BUT ON THIS OCCASION [REDACTED] WAS MOST EMPHATIC AND STATED POSITIVELY THAT THERE WOULD

[REDACTED] ALSO STATED THAT THE PARTY WAS CONSIDERING DROPPING THE OLDER AND INACTIVE MEMBERS. [REDACTED]

[REDACTED] ALSO ADVISED THAT HE HAD A VISIT LAST EVENING FROM [REDACTED] [REDACTED] MASPETH CLUB FUNCTIONARY, QUEENS COUNTY CP, URGING UPON HIM THE IMPORTANCE OF THE CURRENT FUND DRIVE. [REDACTED] SAID THE QUOTA FOR THE MASPETH CLUB WAS SET AT FOUR HUNDRED FIFTY DOLLARS, AND THAT THE ENTIRE DRIVE MUST BE COMPLETED IN TWO WEEKS. [REDACTED] STATED TO [REDACTED] THAT QUOTE EVENTS ARE MOVING RAPIDLY UNQUOTE, AND THAT THE PARTY NEEDS TO GET THE MONEY AS SOON AS POSSIBLE BECAUSE IT MAYBE FORCED UNDERGROUND AT ANY TIME. [REDACTED] LIKEWISE REEMPHASIZED THE IMPORTANCE OF NOT CONDUCTING ANY FURTHER PARTY BUSINESS BY TELEPHONE. IN VIEW OF THE PRESSURE BEING PUT ON ALL BY INFORMANTS TO CONTRIBUTE TO THE CURRENT FUND DRIVE BY AUGUST FOURTEEN EIGHT SIXTYEIGHT, THE BUREAU IS REQUESTED TO SUTEL AUTHORIZATION FOR THE NEW YORK OFFICE TO REIMBURSE INFORMANTS FOR THEIR CONTRIBUTIONS TO THIS FUND DRIVE IN AMOUNTS NOT EXCEEDING THOSE AUTHORIZED BY THE BUREAU FOR THE MARCH NINETEEN FIFTY CP FUND DRIVE.

Dear Bill,

I know that you are extremely conscious of the registration situation and the dues situation in the district. Nevertheless as I am dropping a note to all districts I would like to call to your attention a number of problems -- things I am sure you are already aware of.

According to our records you have a registered membership of 20,282, or 76.5% of your enrolled membership (When you spoke to Betty I was there and you indicated that the figure was slightly above 21,000. This would probably bring the percentage up to 77.) It is needless to say that as part of the preparations for the Plenum we are making a serious effort to complete the registration as rapidly as possible in most Districts, and we are counting in the Center that New York should be one of the Districts where a serious effort is made to have the registration completed prior to the Plenum.

In examining the dues situation we note the following: according to our records in the last quarter of 1949 the district dues average for that quarter was 96%. In this figure we included 1949 stamps that were purchased in January by the District. While the 96% average represents a sharp increase in comparison to the first, second and third quarters, the increase is by no means large enough to make up for the serious lag in those quarters. Hence the percentage for the year thus far in New York is 62% dues payment. Since this is the case we should therefore take note of the fact that even though the registration percentage is beyond 77, there is thus far a 15% gap between the registration percentage and the dues average. This implies that a large number of comrades have been and are being registered, without having them pay up their dues. It seems to me that this warrants a special examination and discussion with the Party leadership in the Counties, Sections and clubs.

Secondly, I would further like to call to your attention that even this is already the beginning of February, in examining the reports submitted for the first half of January, we have the following revelation -- that in the first two weeks of January the District has purchased thus far 1530 1950 stamps. Perhaps the second two weeks of January will show a spectacular change in this figure. If not it will reveal a catastrophic drop in dues payment in the month of January. To the figure of 1530 we can add 879 1950 stamps purchased in 1949, making the total dues thus far of 2409 1950 stamps purchased (it is true you keep your figures somewhat differently than we do).

It seems to me that in view of the perspective of a National fund drive in the beginning of March, that some serious emergency steps have to be taken during the month of February to bring about a radical change in the dues situation, otherwise in the beginning of March we may be confronted with the problem that comrades will be concerned about getting days and weeks pay from members and therefore will postpone the smaller amounts represented in dues payment, to sometime after the drive.

Bill Norman

Page 2

February 3, 1950.

It is needless to say that this dues situation is just playing havoc with the national financial situation -- something you are very well familiar with.

I nevertheless feel it important to call these questions to your attention very sharply.

Comradely yours,

Jack Kling

COMMUNISTS SPEED OWN REGISTRATION

30-Day Deadline by Winston
Seen Indication of 'Purge'
Before Wood Bill Is Law

Henry Winston, national organizational secretary of the Communist party, set a thirty-day deadline yesterday for the completion of the party's own registration of members, before the Wood bill becomes law.

The Wood bill was passed by the House of Representatives Tuesday by a vote of 354 to 20. Introduced by Representative John S. Wood of Georgia, chairman of the House Committee on Un-American Activities, the bill requires the Communist party to register and list all its members, and report on all their activities. It also requires officers of Communist "front" organizations to register.

In Washington committee members indicated suspicion the party registration was an attempt to obstruct the proposed new law.

Winston, one of the party's eleven leaders convicted last year of conspiracy to advocate violent overthrow of the Government, but out on bail pending completion of appeal procedure, was quoted in yesterday's Daily Worker, the party's propaganda organ.

He said the annual registration of party members has been going on for some weeks "to safeguard the welfare and liberties" of party members and others who share their views for "peace" and against "fascism." In view of the quick progress of the Wood bill, he said, the party's registration must now be rushed in completion.

Party Seen Going Underground

To those familiar with Communist terminology, Winston's statement indicated the party was planning to go entirely or almost entirely underground after the Wood bill was enacted into law. It also is believed to indicate the party is preparing a "cover" for secret Communists, is conducting or getting ready for a purge of "unreliables" and is consolidating the "hard core" of party "activists" for whatever may lie ahead.

The statement called for a "qualitative strengthening" of the party's work and "higher standards of membership."

Winston used "Associate" language, or Communist double-talk, as it was called by Federal Judge Harold R. Medina in last year's Communist trial, to call on members to work more intensively for class war in this country. He urged them to stir up labor troubles, fight this country's foreign policy and collaborate with the Soviet Union for "peace."

In an apparent allusion to recent defections from party ranks, he said anyone could join or leave the party voluntarily.

"Only those who have been registered by the party in the current registration," he added, "will carry the great honor that goes with membership in the Communist party."

Lt. No. 63
Series 1950

(C) COMMUNIST PARTY, USA - MEMBERSHIP -- A review of recent quarterly reports discloses that data concerning membership is not being reported uniformly. This makes it extremely difficult for an accurate computation of the membership to be made at the Bureau.

In addition to the data requested in SAC Letter No. 24 dated February 13, 1948, you are instructed to furnish the following information in each quarterly report.

The office of origin of a Communist Party district should set out the figures (1) for the entire district, (2) for the individual states covered by the district, and (3) a separate figure for the number of Communist Party members in the area covered by the field division. Auxiliary offices should set out figures for (1) the state or portion of a state covered by that division, (2) the number of Communist Party members in the area covered by the field division. Those auxiliary offices who have been authorized by the Bureau to submit data by letters rather than by quarterly reports, because of lack of activity, should include the above-requested data in their letters to the Bureau and offices of origin.

These figures should be set out clearly in the order above-named. The receipt of these figures will enable the Bureau to maintain current membership figures broken down as to district, state and field division.

It is realized that since the Communist Party has become very security conscious it is difficult to obtain accurate membership figures. Where better data is not available, your figures may be based on your own best estimate after checking with your most reliable sources of information. If your information does not come from informants, which source would be indicated in the report under a T symbol, the basis for your membership computations should be explained in the administrative section of the report.

JEWISH PEOPLES FRATERNAL
ORDER, I.W.O. ACTIVITIES

At a meeting of branch 138 J.P.F.O. held on May 5th, 1950, at the cafeteria Hall at 3451 Giles Place, A. Shuldiner Secretary of the branch reported that the Bronx County of the Jewish Peoples Fraternal Order recruited up to May 3rd, 1950, 805 new members for the organization in the recruiting drive in honor of the 20th anniversary of the International Workers Order.

He also reported that Bronx County J.P.F.O. collected up to May 3rd, 1950, \$16,600 on a quota of \$20,000 in the fund drive of the Jewish Communist daily the Morning Freiheit. He appealed to the members to increase their activities in the raising of funds for the Morning Freiheit and for the recruiting of new members for the J.P.F.O. The recruiting of new members will end on May 20th 1950, at the celebration of 20 years I.W.O. in Madison Square Garden, New York.

The chairman of the meeting, W. GILDE, M., said a few words on the importance of "using out Mother's Day for a peace propaganda day". He read a communication of the International workers Order and of the Anna Lazarus women's division that "the best present to Mother on this Mother's Day is the creation of a united front for the protection of peace."

The communication asks that each member of the I.W.O. should send a postal card to President Truman demanding the outlawing of the A & H bombs and to start friendly negotiations with the Soviet Union for the securing of a world peace. The Jewish peoples Fraternal Order and the Anna Lazarus women's division in joint communication read by the chairman are calling upon the Jewish mothers to devote Mothers Day for the "struggle for peace" and "to fight against anti-semitism and Jim Crow".

About 50 members were present at the above mentioned meeting. 2 new members were recruited by branch 138, Shuldiner reported during the last week and he announced that "only \$75 came in for the Morning Freiheit".

Communist Party U.S.A. Activities

A special meeting of the Kingsbridge Mosheim Section (Bronx, N.Y.) of the leadership and most active members of the Communist Party took place at the Section Headquarters on Jerome Ave on May 17th, 1950, about 60 communists were present at this meet.

The chairman of the meeting was [redacted]

b6
b7C

She opened the meeting with a few short remarks about the importance of strengthening the Communist Party. She stated that "we live in a period of great historical importance in which our party has a special mission - to lead our people to peace and socialism."

She underlined that to accomplish "this historical mission we must have a large and strong Communist Party." She urged the members to build the Daily Worker and the Worker which are the most effective instruments to bring to the working class and to all our people our message of peace and socialism. She also urged the members to build the C.P. by constantly recruiting new members.

The main and only official speaker at this meeting was Leodore Begun, Chairman of the Bronx County Committee Communist Party.

He spoke on the question of "war or peace." He underlined "that American imperialism, which is the policy of the Wall Street and the Truman administration of financiers and generals, is leading to a 3rd world war...." the American Wall Street government is out to capture the world for the benefit of the monopoly capitalists with the aid of its satellites England, France and Italy.... "to strengthen its hold on Europe, Asia and on other parts of the world American imperialism is spending billions of dollars financing reactionary governments and fascist groups all over the world....American imperialism is rearming Germany, reviving the German cartels and re-building the German Nazi organizations....

"American imperialism set up some see war bases all over the world and is spending billions of dollars in arming of Europe and for the building of armies....

SECRET

"Why? There is only one answer: War.

"American imperialism is building a war machine on a world scale against the Soviet Union, against the peoples democracies of Eastern Europe and against the people's republic of China....

"The war planners know to well that as long as there is a Socialist and Soviet Union, a Socialist China and other Socialist countries, they will not succeed in their aims of controlling the world....

"They think that a war will destroy the Soviet Union and that they will have a free hand of colonizing the world....

"Comrade Lester gave warning to the blind fools of imperialism that a 3rd world war will be end of capitalism in the world, but a 3rd world war will also bring death to millions of people.... Capitalism is dying anyway. Nothing in the world could save capitalism, but we must save humanity from the catastrophe of a new war... He underlined "that saving humanity from the catastrophe of a new war is the most important task of the Communist Parties of the world and of our Communist Party."

He stated that "the persecution of the Communist Party here; the jailing of Gene Dennis, the persecution of the progressive trade union leaders; the persecution of the foreign born; the anti-negro; the anti-Jewish campaign; the suppression of national minority groups in our country are parts of the strategy of the war planners to clear the road for a war for the benefit of monopoly-Capitalist."

"There is great danger that in their desperation and greed the Truman and the Acheson will make war, but their sword-rattling is not a sign of their strength. It is rather a sign of our weakness. So, as Communists, don't do enough to awaken our working class to the struggle for peace. As much as our people hate war, they are not, as yet, organized for the decisive struggle for peace..."

He underlined that "it is the duty and the supreme task of our party to lead the workers and the people of our country in an organized mass struggle for peace. It is our duty to smash the war plans of our imperialist..."

[Redacted]

He stated that "to accomplish this task, the task of
salvaging the world from the fear of war we must:

- "1. build our party,
- "2. build our press,
- "3. lead the peace movement in our country..."

He stressed the importance of "setting up peace committees
in every neighborhood, in the shops and among the national groups; to
work for Unity between the negro and the Jewish people; to support
the peace efforts of every organization in our community; to work for
the freedom of all political prisoners; to organize public opinion against
the Mundt Bill; to struggle against the Taft-Hartley law..."

He underlined that these efforts and tasks are today on the
order of the day of the Communist Party. "By working for the accomplish-
ment of these tasks we are working for peace and Socialism." He called
upon every club and every communist of the section to give all of the time
and energy in the building of the Party (Communist) and the party's
press. He also called upon the membership to raise funds for the freedom
of Dennis for the work and activities of the Communist Party.

N.Y. Daily Worker

DATED 8/31/50 Pg. 2, Col. 4

Henry Winston Urges Completion of Annual CP Registration Drive

Henry Winston, national organizational secretary of the Communist Party, yesterday urged completion within 30 days of the annual registration of the Communist Party membership, which has now been going on for some weeks. Winston's statement follows:

The passage by the House of the infamous Wood police-state bill and the imminent danger of such a bill being rushed through the Senate emphasizes the mad drive to war by Wall Street and its political agents. The kernel of this reactionary offensive carries with it the destruction of traditional American rights of political association and freedom of political opinions.

Unconstitutional actions of the courts and police-state laws in Congress as well as similar developments in state or local legislative bodies (Los Angeles, McKeesport, Birmingham, Tampa, etc.) threaten what is left of democratic liberties for Americans who are anti-fascist and who dare to speak for peace, and especially for the members of the Communist Party. Their means of livelihood, the welfare of their families and their liberties are placed in jeopardy by this growing fascist danger which is scrapping the Constitution with the sanction of governmental authorities.

While the danger grows, there is a simultaneous awakening among millions expressing themselves in various forms in opposition to the attacks. The weaknesses of these movements consist in the fact that these actions are not developed on the basis of a united-front program of action commonly agreed to by all opponents of these fascist bills. It is to this end that our Party, while emphasizing the lateness of the hour, also states that it is not yet too late to achieve unity now to successfully stem this reactionary drive.

As previously decided by the National Committee, in order to safeguard the welfare and liberties of all Americans so threatened, the 1950 annual registration which has been under way in recent weeks, should be completed within the next 30 days.

The responsibilities placed upon our Party in the fight for peace and the preservation of democratic liberties makes necessary a qualitative strengthening of the work of our Party.

The working people of the U.S. are opposed to imperialist slaughter. They want peace. They are opposed to fascism and want to preserve democratic liberties. To achieve these democratic ideals of the masses makes necessary for higher standards of membership in our Party which must include:

- A basic understanding of class forces, the rôle and function of our Party in defense of the interests of our class and energetically combat false ideology of the bourgeoisie which threatens our country with fascism and war.

- Contact with the workers and daily leadership in united front struggles in the fight against speed-up, discrimination, for wage increases and the general fight for civil rights.

- Readiness to make sacrifices in the struggle for democracy and peace against fascism and war which could only lead to the annihilation of millions of Americans as surely as it will other peoples of the world.

- To oppose the hostile war policy towards the Soviet Union by the bi-partisans and champion the cause of U.S.-Soviet collaboration for peace, and support the liberation movements of peoples in colonies and semi-colonies. Such a course of conduct defends the highest interest of our class and people.

Our Party is, and has at all times been, a democratic organization, and joining or leaving the ranks of the Communist Party has at all times been a voluntary individual action based upon conviction. We will continue this concept or organization. Only those who have been registered by the Party in the current registration will carry the great honor that goes with membership in the Communist Party.

TO ALL DISTRICTS

Dear Comrades:

I wish to call to your attention the urgency of completing the registration in the shortest period of time. We should keep in mind the importance of fighting to solve the entire problem of maximum registration, with special emphasis on the whole question of workingclass composition.

However, even though in many districts the registration is well advanced, this does not as yet reflect itself in the dues payment in the districts. This may mean that this question is not being given sufficient emphasis by the comrades from the districts. Yet we have to bear in mind that the three basic requirements for membership in the Party embodied in our Constitution includes the question of dues.

It is most urgent that a campaign be made to collect back dues and maintain as a part of our fight for a higher standard of membership - up-to-date dues payment.

Lastly. The Fund Drive is lagging in your district and every effort should be made to complete it as quickly as possible. The launching of the financial campaign was due to the fact that we faced emergencies in regard to many aspects of the fight against the pro-fascist bills before the Congress and the attempt to illegalize our Party in various cities and states. The funds requested are the means by which the fight-back is made possible.

Knowing that you will give this matter your full attention,
I remain

Comradely yours,

HENRY WINSTON

Dear Sir:

[redacted] advised by report dated September 27, 1950, that she and comrade [redacted] of the Queensbridge Club, Queens County Communist Party, held a special meeting on September 26, 1950, with a woman who represented the Queens County Communist Party. The purpose of this meeting was to establish a new organizational setup for the Queensbridge Club, which Club also comprises the Queenbridge Section.

b6
b7C
b7D

This woman representative of the Queens County Communist Party declined to furnish her name, but stated that she could be reached telephonically through the telephone of her husband, [redacted] Long Island. The informant was under the impression therefore, that this woman uses an alias for Party purposes which she did not wish to furnish. For the purposes of this letter, she will be referred to as Mrs. [redacted]

[redacted] advised that she will serve in the capacity of Section Leader and will effect liaison between Queens County and the two Queensbridge Club leaders [redacted] and the informant). The Club leaders will each have two group captains responsible to them, and there will be a maximum of five comrades in each group, [redacted] announced. Group captains responsible to [redacted]

b6
b7C

[redacted] Group captains responsible to the informant are [redacted] [redacted] designated the groups and group captains under [redacted] direct supervision, responsible for all American Labor Party work of the Queensbridge Club. She designated the groups and group captains under the direct supervision of the informant, responsible for all Tenants League work in the Club.

[redacted] stated that she will meet with [redacted] and the informant on Tuesday nights at the informant's home. [redacted] and the informant will telephonically contact [redacted] on Thursday nights. [redacted] and the informant were instructed to meet separately with each of their group captains on another night. However, neither [redacted] nor the informant will meet with the group membership. According to SN 473, after a time no more than a maximum of five people will know what anyone else is doing, or will know anyone else's position.

[redacted] stated that before the above system is put into operation, investigation and oral registration of the Queensbridge Club membership must take place. [redacted] did not say when this would take place but to be prepared for it at any moment. (In this regard, it should be noted that [redacted] has advised that the current Communist Party investigation of the membership in the Waspeth Club is extremely rigorous, to the point that even the children of the comrades are being questioned by the Communist Party investigators concerning their parents' activities.)

[redacted] advised that only two people will be present at the oral registration of another comrade. [redacted] and another (West County representative will investigate [redacted], and the informant, on the basis of which they will accept (or deny) the oral registration of each separately. If [redacted] and the informant are accepted into membershp., they in turn will investigate for membership their group captains. P.T.C. will be present during the oral registration of the group captains. As a way of illustration, [redacted] and the informant will investigate orally; register [redacted] and [redacted] and then inform [redacted] orally, as does [redacted]. Thereafter, [redacted] and [redacted] will investigate and orally register [redacted] and [redacted]. After the group captains have been passed upon, each group captain with his respective Club leader (comrade or the informant), will investigate and orally register each group member individually.

[redacted] stated that the minute the groups are set up, the first discussion is to be on the "Daily Worker" article on the U.S. area [redacted]. The informant did not know which article in the "Daily Worker" [redacted] referred to, but stated that she will be given additional instructions in this regard in order to intelligently advise the group captains what is expected of them by way of discussion.

[redacted] stated that the minute the groups are set up, the first discussion is to be on the "Daily Worker" article on the McCarran Bill. The informant did not know which article in the "Daily Worker" [redacted] referred to, but stated that she will be given additional instructions in this regard in order to intelligently advise the group captains what is expected of them by way of discussion.

Letter to Director
NY 100-96985

~~CONFIDENTIAL~~

[redacted] further advised that she is to be responsible for all Club finances. The Club treasury of some \$40.00 or \$50.00 was turned over to her. She was also made responsible for the Club debt of \$56.61, half of which must be paid. [redacted] in turn will supply all literature and discussion material to the Club leaders.

In addition, [redacted] instructed that numbers be used to designate all comrades for the purposes of financial records, fund quotas, etc. The numbers 11 through 16 and 25 through 29 have been assigned to [redacted] to designate the comrades in the groups responsible to her. The numbers 35 through 40 and 44 through 49 have been assigned to the informant to designate the comrades in the groups responsible to her. The group captains will be given a block of numbers and they in turn will assign a number to each comrade. Neither the Club leaders [redacted] (or the informant), the County representative on the Section level, Mrs. [redacted] nor the County leadership will know to whom the numbers are assigned.

b6
b7C

The informant stated that she would make all reports to [redacted] regarding the foregoing categories by these numbers, and that for example, should number 38 in one of her groups be remissed in paying dues, [redacted] will instruct the informant that pressure be placed on the comrade designated as number 38 to meet this responsibility.

[redacted] stated that numbers one through 20 in direct numeric succession have not been used to designate the comrades in the groups, because number 20 might thereby recognize that there were twenty members in the Club.

The Bureau will be promptly advised as to the practical functioning of this system.

It is suggested that the following information not be distributed outside of the Bureau and Bureau field offices.

The following information was received by SA [redacted] from [redacted] of known reliability:

b6
b7C
b7D

The informant was reregistered by [redacted] State Organizer of the Communist Party for New Mexico, and by [redacted] community leader of the Communist Party in El Paso, Texas. In connection with this reregistration [redacted] asked the informant numerous detailed questions and indicated that they were reregistering all of the El Paso Communists within the next few days. No record of this reregistration was made by [redacted] indicated that in some manner all the data regarding reregistration would be sent to the national headquarters and that the Communist Party expected to lose some 20 percent of its members, but felt that the best members would remain.

b6
b7C

They indicated also that all reregistrations would be made of one member at a time and that in this manner no one would know, except those doing the registering, who was a member of the Communist Party except himself and the individual or individuals handling the details of registration.

On this occasion [redacted] instructed the informant to withdraw from Progressive Party and related organizations, not to attend Communist Party meetings, and to become as "respectable" as he could. [redacted]

[redacted] also indicated that the informant might have to do certain things out of the ordinary and might even have to go to jail, and he wanted this clearly understood by the informant before agreeing to reregister in the Communist Party.

b6
b7C

The questions asked during this reregistration included the following:

Were you a Communist Party member back East?

Did you have any Communist Party connections back East?

How long have you been in the party?

Where did you first hear about the party?

Who was present when you first found out about the Communist Party?

What was the next event in connection with joining the Communist Party?

What made you join the Communist Party?

When did you get into the Progressive Party and how?

Did you ever belong to any other progressive organization?

Is there anything you disagree with in the Communist Party?

What family do you have, and their occupations?

Do they know you are in the Communist Party?

Are politics discussed by you and the other members of your family?

Why do you believe in the Communist Party?

Do you believe in Socialism?

Do you have any bad habits?

Do you know what you are saying when you are drinking?

Why did you settle in El Paso?

Have you ever been married?

Do you intend to marry?

Do you have a steady girlfriend?

In this connection it should be noted that, according to this informant, the exact names and addresses of members of the family were not asked, and that no record was made by [redacted] of the information he received in response to these questions.

The following information was obtained by SA [redacted] from [redacted] of known reliability:

b6
b7C
b7D

This informant was reregistered 9-6-50 by [redacted] and [redacted] in El Paso, Texas. [redacted] stated that the membership of the party was currently being rechecked from the

EP 100-821

national headquarters down to the smallest club. He indicated that he himself and [redacted] had already been "rechecked;" that the party had started to cut down on its membership and that only the most capable and reliable individuals would remain; that in New Mexico about 20 percent of the party members had been expelled and that in Colorado 15 percent had been expelled. [redacted] indicated that this was being done so that the party could function more ably if registration of Communist Party members was required under various laws pending in Congress.

b6
b7C

[redacted] indicated that all members were being reregistered in the Communist Party individually as a security measure and that in this way the average member would not know who currently was a member. [redacted] indicated that in the future Communist Party meetings would have to be most discreet and that later on [redacted] would in all probability be reduced to a meeting between two individuals and that [redacted] in El Paso, Texas, would meet with each member.

The informant in connection with being reregistered in the Communist Party was asked a variety of questions, including:

Why he first became interested in ANMA
Why his family did not attend ANMA meetings

Dear Sir:

Remylets October 6 and September 28, 1950 in which the Bureau was advised that [redacted] had reported on the newly-established underground set-up of the Queensbridge Section, Queens County Communist Party.

b7D

[redacted] telephonically advised on October 10, 1950 that [redacted] Bryant Club I Organizer, Bronx County Communist Party, invited him to the home of Communist Party member [redacted] at the [redacted] Bronx, New York. Informant had never attended a meeting in the [redacted] home previously and did not know the purpose of his invitation to their home at this time.

b6
b7C
b7D

Upon arriving at the [redacted] home, [redacted] subjected the informant to a series of questions designed to obtain background information regarding him and information concerning his loyalty to the Communist Party. The informant recalled the following questions:

b6
b7C

When did you join the Communist Party?
Why did you join the Communist Party?
Who did you meet when you first joined the Communist Party?
Who first interested you in the Party?
Did you ever attend Marxist classes?
Does your wife know that you are a member of the Communist Party? (Informant's wife is not a Communist Party member)
Does your wife go to church?
Do you go to church?

Since your wife does not know that you belong to the Communist Party, do you believe that your wife would inform on you if she found it out?

Do you know anyone within the Party that the Party should be suspicious of?

Do you know anyone in the Party who has been disciplined? Were you ever disciplined?

Do you use narcotics?

Do you have any disagreements with the Party?

Is there anything else about yourself that we should know?

Informant advised that [redacted] did all the interviewing except for a word thrown in now and then by [redacted] identified herself as a member of the interviewing staff of the Tremont Section. Informant advised that the purpose of having the two comrades present during the questioning was to witness his oral registration in the Communist Party.

b6
b7C

[redacted] advised informant that she has been appointed to the section staff and that the Tremont Section was being split into two sections north of Tremont Street and south of Tremont Street, Bronx, New York. Furthermore, she advised that the Bryant Club I, comprised of approximately twenty members, was now to have two organizers with two group captains responsible to each organizer. Bryant Club II has been divided in the same fashion.

Informant has been designated as a club organizer of Bryant Club I. It was explained to him that his duties would be to attend group meetings, collect dues, and relay literature and instructions to the clubs from the section officer who would contact him. [redacted] was advised further that it was his responsibility to interview the comrades in Bryant Club I with another comrade, as yet unnamed, for the purpose of accepting their oral registration after they have been subjected to the same questions as were put to him by [redacted]

b6
b7C
b7D

It was explained to the informant that the Party was not necessarily going to drop "dead wood", that is, those who have not actively participated in Party affairs. On any "dead wood" or others about whom the informant should have any question, he has been instructed to report to the section officer to whom he will be responsible, and these people will be discussed thoroughly.

~~Confidential letter to Director
NY 100-96985~~

It should be noted that the foregoing information from [redacted] is substantially the same as that set forth in referenced letters emanating from [redacted] in Queens County.

[redacted] advised on October 10, 1950 that he was summoned to a personal interview with his club organizer, namely, [redacted] of the Maspeth Club, Queens County Communist Party. [redacted] advised the informant that certain select Maspeth club functionaries are being given the same interview. [redacted] mentioned the names of [redacted] both of the Maspeth Club.

Informant stated that [redacted] read off a series of questions from what appeared to be a typewritten form, and after each question the answer given by the informant was written in the appropriate space below the question by [redacted]. Informant furnished the following questions which were asked of him:

Are parents living?
What is the source of parents' income?
What are their political viewpoints?
What work do brothers and sisters or other close relatives engage in?
What are their political views?
At any time did you associate with any enemies of the Communist Party such as expelled comrades or factionalist groups?
Did you ever belong to any anti-Communist Party organizations such as the Fascist or Trotskyite groups?
How long in the Communist Party?
Why did you join the Communist Party?
Who recruited you into the Party and when?
What kind of activity were you doing at the time you joined the Communist Party?
What kind of work are you doing now?
Is any member of your family a member of any organization which is considered anti-Communist?
Are you married or single?
Any children?
Is your wife a Communist Party member?

List of Communist Party schools and teachers or instructors.

Name the different type jobs you have held during working career.

What work can you do?

Have you at any time disagreed with decisions or policy of the Communist Party?

When and why?

[redacted] advised the informant that the purpose of this interview was a thorough check-up on the leading Party members who no doubt may be called upon to engage or participate in confidential meetings or trusted to other confidential Party work.

[redacted] advised the informant that the above series of questions which the informant had to answer is "mild" compared to the questions which section and county leaders must submit to. [redacted] indicated to the informant that only selected club members, section leaders and county leaders would go through such an interview. [redacted] also advised that the rank and file members of the Communist Party will be afforded a check-up in December 1950, which check-up will be in the form of a registration.

b6
b7C

It is to be noted that [redacted] is a club leader of the Maspeth Club and is also a group captain. Informant believes that if this interview is passed upon by the higher-ups such as the section or county leaders, he may then be selected to engage in some confidential type or underground type work.

The above is furnished for the Bureau's information. Any further developments pertaining to the assignment of the above-mentioned informants to engage in confidential Communist Party work will be forwarded to the Bureau at that time.

(F) MISCELLANEOUS - CIVIL AERONAUTICS ACT -- Public Law 85 approved on August 3, 1950, amended Section 902(b) of the Civil Aeronautics Act of 1938 as amended 49 U. S. Code, 622, (b). The section now reads:-

"Any person who knowingly and willfully forges, counterfeits, alters, or falsely makes any certificate authorized to be issued under this Act, or knowingly uses or attempts to use any such fraudulent certificate, and any person who knowingly and willfully displays or causes to be displayed on any aircraft, any marks that are false or misleading as to the nationality or registration of the aircraft, shall be subject to a fine of not exceeding \$1,000 or to imprisonment not exceeding three years, or to both such fine and imprisonment."

You will note that the recent amendment makes it unlawful to willfully display or cause to be displayed marks on aircraft false or misleading as to the nationality or registration of the aircraft.

Regulations of the Civil Aeronautics Board currently effective require that aircraft registered for the first time after December 31, 1948 shall display identification marks consisting of the Roman capital letter "N," denoting United States registration, followed by the registration number. Other aircraft (aircraft registered prior to December 31, 1948) which display identification marks containing an airworthiness symbol "G" (compliance with minimum airworthiness requirements), "R" (restricted category aircraft), "X" (experimental aircraft), or "L" (military) and which are operated solely within the Continental limits of the United States may display such identification marks until the first time such aircraft are recovered or refinished to an extent necessitating the reapplication of the identification mark. Thereafter such aircraft and after December 31, 1950 all aircraft of United States registry, operated outside of the Continental limits of the United States, shall display identification marks consisting of the Roman capital letter "N," denoting the United States registration, followed by the registration number.

The required marking on the aircraft must be displayed on the right half of the upper surface and the left half of the lower surface of the wing structure of the aircraft.

Complaints concerning violations in this section will usually come from the Regional Office of the Civil Aeronautics Administration. Investigation of such complaints should be initiated immediately.

(G) COMMUNIST PARTY, USA - MEMBERSHIP -- Information has been received indicating that beginning in the latter part of August and continuing through September 1950 the Communist Party, USA, is conducting a country-wide reregistration of the Party membership. It was reported that the Party hoped to complete this registration within a thirty-day period. One source has advised that the registration will be conducted strictly on an oral basis. The Party has indicated that it will use this registration program to drop from its membership those individuals whom it considers to be security risks.

Each Office must be alert through its confidential informants and other coverage for any information concerning the results of this Communist registration. The Bureau should be kept promptly advised of any developments in this connection received in the Field.

EDWARD SCHEIDT
Special Agent in Charge

We would like to call attention of your District Board to several important questions relating to the status of Party organization. These problems, if unresolved, will seriously hamper the work of the Party at a time when it is necessary to give the most effective day to day leadership to struggles on many fronts. The difficult objective situation has brought the long-standing organizational weaknesses of the Party into sharp focus. It has also revealed the existence of very pronounced liquidationist tendencies on top levels of leadership, which, if unchecked and not reversed, can prove disastrous.

First, an examination of registration results in your District would indicate that the Party will suffer a drastic decline in membership unless the most extraordinary measures to achieve a maximum registration are taken at once. Since the Plenum, registration generally has remained at a standstill. The slowing down of the tempo of registration can only mean that everywhere complacency is setting in and we are not carrying it through as speedily as possible. If this is so, we are committing a very serious error. For not only will it prove harmful to registration but can effect other phases of work as well. We cannot relax our vigilance or return to methods of work and time schedules that do not reflect an appreciation of the character of the present situation. Moreover, we have received no assurances that your registration objectives coincide with the National Committee estimate that it is possible and necessary to achieve a maximum registration. The National Committee estimates that it is possible to achieve an 80% registration nationally; and everywhere this is the goal that should be set and fought for.

But in order to reach this goal we must reject all distorted notions and approaches that would base registration on the registration objective on the Party Cadre and active membership. We must put aside arbitrary and mechanical concepts of membership which have no relationship to the conditions before us. On the basis of the minimal approach outlined by Comrade Hall at the National Committee Plenum, it is possible to win the overwhelming majority of the Party membership to register and thus avoid a catastrophic decline that would greatly weaken the Party, impair its ability to carry out the responsibilities before it, and deprive it of many valuable members who will prove their effectiveness in the days ahead. Above all, the most serious effort must be made to retain our working class and Negro membership. Losses in this respect would further aggravate the already serious situation we face with regard to the class composition of our Party. We urge your District Board to examine this matter carefully. Not a worker, Not a Negro should be dropped without the approval of a higher body or committee. Where they have already been dropped without the approval of a higher committee, we urge you to review the cases with the aim of retaining them in the Party. Finally, registration must be completed by November 15. ~~xxxxxxxxxxxxxx~~

Secondly, on the dues status in your District. There has been no appreciable improvement in the situation since registration got underway. For the first nine months of the year your District bought dues stamps equal to ----- of your membership. For the months of August and September during which you have been registering your membership, your District purchased ~~xxxxxx~~ dues stamps equal to ----- of your membership. Obviously there is a very serious discrepancy between

between your registration, even though incomplete, and your dues payments for these two months. Part of the difference no doubt can be explained by some dues orders you may have on hand. But this is not the major reason. The ~~xxxxxx~~ most important reason is that a very large part of the membership is not yet attached to one of the Party organizations, and consequently is inactive and does not pay dues.

We cannot for long tolerate a situation of this kind where scores if not hundreds of Party members remain unattached without giving rise to uncontrollable liquidationist tendencies. Assigning Party members to a Party organization is an indispensable Part of registration; the two go hand in hand. Particularly do we stress the need to assign every shop worker to a Party organization. This is a key question to which the District leadership should give immediate attention. This problem, it must be emphasized, as well as the general problem of organizing the Party, will not be solved by the Organizational Secretary alone; it will not be solved by the Org Department; it will be solved only if it engages the ~~xxxx~~ most systematic attention of the District Organizer and the entire leadership of the Party.

As part of the preparation for the Nakimak District and National Conventions, we urge you to undertake a most serious effort to guarantee that every registered member is paid up in dues. In addition to a paid up membership each party member, in accordance with the Constitution, will be called upon to ~~pay~~ ~~xxxxxx~~ pay for a Convention Assessment stamp equal to one month's dues. The basis for District representation to the National Convention will be determined by your average dues payments for the first eleven months of the year. We feel certain that if we understand that the essence of registration and re-organization is the fight for the Party, and if this understanding is translated into effective organizational measures, your District can reduce membership losses substantially, achieve a high level of dues payments and come to the convention with a maximum registration and a greatly consolidated Party organization.

In line with the fight for the Party, we would also urge you to give serious thought to the question of Party recruiting. Recruiting in your District has come to a standstill. The attitude prevails in our ranks that it is "impossible to recruit." This is utterly wrong and does not reflect an understanding of what is meant by a Party of a new type. We cannot recruit in the old way; new forms of recruiting must be developed in keeping with the requirements of the present situation. The fact is we ~~xxxxx~~ must recruit, regardless of the objective situation. Our Party cannot remain static. To fail to recruit, to operate on the theory that "now is not the time to recruit," is to succumb to liquidationism. In fact, even to retain our present membership strength, we must recruit. We strongly recommend that you examine the possibilities of recruiting ~~xxxxxx~~ a modest number of workers into the Party by the time of the National convention. The fulfillment of a minimum recruiting goal, however, modest, would have a very healthy effect on the membership as a whole.

All of us are aware of the objective difficulties. But difficulties exist to be overcome; the essence of Communist leadership is to solve problems, no matter what the difficulties. No matter what the situation, the content of our work remains the same. Today the emphasis must be on greater united front activity, not less, greater ~~xxxxxx~~ contact

and deeper ties with the masses, not less, greater initiative from below and the development of the full potential of the Party membership. We must be mindful of all wrong tendencies that would drive us from the path of strengthening our ties with the workers; we must be alert to and combat all tendencies to underestimate the role of the Party. ~~We~~ ~~must~~ We must struggle daily to strengthen the Party so that in every respect it can better fulfill its role as the vanguard of the working class.

We urge your District Board to discuss the questions raised in this letter and to take all necessary steps to solve some the pressing organizational problems before the Party. May we hear from you soon regarding your plans to guarantee the fulfillment solution of these problems.

Comradely yours,

M. Russo,

COMPLETION OF 1950 REGISTRATION OF MEMBERSHIP SCHEDULED DURING SEPTEMBER

HENRY WINSTON, National Communist Party Organizational Secretary, on August 30, 1950, urged completion within thirty days of the annual registration of Communist Party membership, according to an article in the "Daily Worker" for August 31, 1950, Page 2, Column 4.

WINSTON'S statement said that the passage by the House of the infamous Wood Police State Bill and the imminent danger of such a bill being rushed through the Senate, emphasized the mad drive to war by Wall Street and its political agents. The kernel of this reactionary offense, the statement said, carried with it the destruction of traditional American rights of political association and freedom of political opinions.

The statement declared that as previously decided by the National Committee, Communist Party, USA, in order to safeguard the welfare and liberties of all Americans, the 1950 annual registration which had been underway in recent weeks should be completed within the next thirty days.

The statement concluded:

"Our Party is and has at all times been, a democratic organization, and joining or leaving the ranks of the Communist Party has at all times been voluntary individual action based upon conviction. We will continue this concept of organization. Only those who have been registered by the Party in the current registration will carry the great honor that goes with membership in the Communist Party."

Confidential Informant T-11, of known reliability, made available a draft of an undated letter from MICHAEL RUSSO, Assistant

NY 100-4931

National Communist Party Organizational Secretary, to an unidentified Communist Party District Board relative to the status of registration and dues.

RUSSO said that an examination of registration results in this district would indicate that the Party would suffer drastic declines in membership unless the most extraordinary measures to achieve a maximum registration were taken at once. Since the Plenum of the National Committee on September 19, 20, 1950, registration generally had remained at a stand-still. According to RUSSO, the slowing tempo of registration could only mean that everywhere, complacency was setting in and the districts were not carrying it through as speedily as possible.

RUSSO asserted that the National Committee estimated that it was possible to achieve an eighty percent registration nationally, and everywhere that was the goal that should be set and fought for. But in order to reach this goal, he said, the districts must reject all distorted notions and approaches that would base the registration objective on the Party cadre and active membership. He urged that all arbitrary and mechanical concepts of membership, having no relationship to current conditions, should be put aside.

RUSSO was of the opinion that on the basis of the minimal approach outlined by GUS HALL at the Plenum, it was possible to win the overwhelming majority of the Party membership to register and thus avoid a catastrophic decline that would greatly weaken the Party, impair its ability to carry out the responsibilities before it, and deprive it of many valuable members who would prove their effectiveness in days ahead. Above all, RUSSO emphasized that most serious efforts must be made to retain the Party's working class and negro membership, for losses in this respect will further aggravate the already serious situation faced by the Party with regard to the class composition of the Party. RUSSO asserted that not a worker, not a negro, should be dropped without the approval of a higher body or committee, and where they had already been dropped without the approval of a higher committee, these cases could be reviewed with the aim of retaining them in the Party.

In his letter, RUSSO stated that registration must be completed by November 15, 1950.

Commenting on the dues status in this particular district, RUSSO observed that no appreciable improvement in the situation had been

NY 100-4931

noticed since registration got under way, for the simple obvious reason that a number of the membership were not yet attached to one of the Party organizations, and consequently, were inactive and did not pay dues.

RUSSO pointed out that intolerable situations existed where scores, if not hundreds, of Party members remained unattached, and that if this continued, it would give rise to uncontrollable liquidationist tendencies. He said that assigning Party members to a Party organization was an indispensable part of registration. Particularly, he stressed the need of assigning every shop worker to a Party organization.

As part of the preparations of the district and national conventions, RUSSO urged a serious effort to guaranty that every registered member was paid up in dues.

With regard to the question of Party recruiting, RUSSO noted that recruiting had come to a standstill in this district; that the attitude prevailed in Party ranks generally, that it was impossible to recruit. RUSSO felt that this was utterly wrong, and did not reflect the understanding of what was meant by a Party of a new type. He admitted recruiting could not be undertaken in the old way, and that new forms of recruiting must be developed in keeping with the requirements of the present situation. The fact was, he insisted, that the Party must recruit regardless of the objective situation, for the Party could not remain static. To fail to recruit, to operate on the theory that now was not the time to recruit, RUSSO pointed out, was to succumb to liquidationism.

RUSSO observed that even to retain the Party's present membership strength, recruiting must take place. He strongly recommended that the possibilities of recruiting a modest number of workers into the Party by the time of the National Convention be examined, for the fulfilment of a minimum recruiting drive, however modest, would have a healthier effect on the membership as a whole.

NATIONAL MEMBERSHIP APPROXIMATES 46,000

As indicated in reference report, National Membership of the Communist Party, USA, was approximately 46,000 as of March, 1950. This figure of 46,000 is based on the fact that Confidential Informant T-56, of known reliability, previously reported that the 1949 national membership totalled 54,000, and HENRY WINSTON, National Communist Party Organizational Secretary, at a National Committee Plenum held March 20-22, 1950, admitted that the 1949 membership had declined by 15 percent.

INFILE 100-3-48

Dear Sir:

Submitted herewith is information obtained by ND 426 on
11/1/50 from the building located at 35 East 12th Street,
New York, New York. This building is occupied by the following, which
are all under the control of the Communist Party; Freedom of the Press,
Inc. ("Worker" and "Daily Worker"); Morning Freiheit Association ("Morning
Freiheit" and "Jewish Life"); Workers' Bookshop; Wholesale Book Corporation;
F & D Printing Company; 12th - 13th Realty Corporation; Communist Party -
U.S.A.; Communist Party - N. Y. State; Communist Party - N. Y. County.

The original exhibit is being retained in the files of the
New York Office.

Description of exhibit:

3 pg. mimeographed copy of a letter dated 10/23/50, on
stationery bearing letterhead "Communist Party, U.S.A.", addressed "To All
Districts, Dear Comrades", from "Comradely yours, M. RUSSO". The letter
calls the attention of the various District Boards to important questions
that relate to Party organization. Questions are:

Membership - Suggests extraordinary measures be taken to achieve maximum
registration at once.

Dues - Suggests serious effort be made to guarantee every registered member
is paid up in dues.

Nov. 12, 1950

On Sunday night Nov. 12, 1950 I called [] the group Captain of the Youth, and later met her, she gave me \$1.60, she registered 2 people, with the following information:

1. Employed at the Starrett Television Corp. at 604 W. 26th St., belongs to the Industrial (Group B3).

2. Employed at the Malestar Operating Corp, 3216½, 23rd St. White collar.

[] was going to see one of her group, the other three were not available, but she had to locate them and register them when she sees them.

She was going to hold a meeting possible Wednesday, if I received a copy of the draft resolution before then I would drop up and give it to her.

After receiving this information I went to visit [] and gave all the aforementioned information explaining the procedure that [] told me about. I turned somny and all over to her and she in turn gave me a receipt (enclosed) and I signed one for her also.

[] was coming up to see her tonight and probably enlighten on the proper procedure.

[] herself did not register her people, but called them on the phone, and they promised to visit her tomorrow (Monday) and another on Tuesday night, the meeting is going to be held at her house Tuesday night and only one or two people will be here.

I told her I might have to attend a union meeting, but if not I would be home.

When I arrived at home, my wife told me that [] had called and that I was to call her back. I did this and [] wanted to know how many people we registered, I gave her all the information even about [] and then [] said we would discuss it later, but according to my story, we would go through with dropping her.

[] asked me to keep in touch with [] and see that they register all their people; Before the meeting on Tuesday.

According to [] the Fremont Section headquarters will be open again in the very near future, for the purpose of holding meetings, and for anyone who wants to find out any information.

On Saturday night I called [redacted] group captain of the Youth, and asked her if she had registered her people, she did not see them but if I called on Sunday night she would have all the information for me.

b6
b7C

I visited [redacted] on Sunday morning Nov. 12, as I had planned she lives at [redacted] she visited all her people, registered four and collected dues and assessment from all.

While we were talking, [redacted] came in and gave [redacted] some money she collected from one of [redacted] members.

[redacted] also showed us how to fill out information which we gather from our people.

In the case of dues it must be prepared as follows, otherwise the coordinator will not take the information, the months from the last to Dec. must be placed as follows, for instance if a person did not pay since June, it must be put down as follows:

Club Bl.

Month	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Assesment
1st per.	1	1	1	1	1	1	1	1
2nd "		1	1	1	1	1	1	1
3rd	1	1	1	1	1	1	1	1
4th		1	1	1	1	1	1	1
5th			1	1	1	1	1	1
Totals	2	4	5	5	5	5	5	5
Add all	31							
Assess.	5							

This information must go on one piece of paper, on another piece of paper this information must be written down, whether the person pays \$2.00, \$1.00, .35 or .10 follows how many at

\$2.00	\$1.00	.35	.10
1.	1		
2.		1	
3.			1
4.			1
5.			1

Total dues collected 1 at \$2.00 for 7 mos. - \$14.00, 1 at \$1. for 6 mo. \$6.00, 1 at .35 for 7 mos \$2.45, 1 at .35 for 6 mos. - \$2.10, and 1 at .10 for 5 mos - \$.50 plus an assessment for \$2.00, \$1.00 2 at .35 .70 and one at .10 making a total dues and assessment collection of \$25.05 plus an assessment of \$3.80 making a total collection of \$28.85.

C O P Y

This complete information must accompany the list of those registered, and given to the financial Sec. of the club who in turn will turn it over to the Section Staff.

Another thing that each group captain, coordinator, and in fact anyone who is giving or receiving money, a written receipt must be given and a record kept in the following manner, the group captain will give a member a receipt for dues received, and keep the duplicate, when said group captain turns over this money to coordinator she will give the receipt also for same the coordinator in turn will give the group captain a receipt for said money and keep a receipt, then turn the coordinator turns over the money to the financial Sec. he will in turn get a receipt and give one in return. The coordinator will turn over all the receipts from all the group captains to the financial Sec. who then can compare the money received with the receipts in this manner an accurate record can be kept of all money turned in.

This step was not in the original plan but because in the past, through negligence, thought forgetfulness, money was not accounted for, and an accurate record could not be kept, so we decided to give receipts to cover ourselves, and account for every penny collected.

If at any time, we spend any money for receipt books, etc, we must fill out a voucher for it and get it back from the financial Sec.

I told [] I had to visit [] and I doubted very much if she wanted to re-register. I asked if she would like to come along, she said yes.

The reason I asked her to come was, [] that every member of her group must attend meetings if possible every week, no one was to be excused from this important function because if they did not attend, how could they know what the Party is doing, for only through the group captains can the members know this therefore, every member must attend meetings and participate in tasks no matter how minute.

If it is not possible for a person to attend them may be the meeting can be held at their house, otherwise the Party has no use for them at this crucial period.

On this basis I asked [] to visit [] with me, I knew that she would not attend meetings due to a number of reasons.

I left 3 Oct. P.A. with [] and then [] and I went to visit []. We rang the bell, and a few minutes later [] came to the door, thrust \$1.20, (for two Garden tickets which I sold her a while back) into my hand and was set to close the door without asking us in. I proceeded to tell her that we were in the midst of registering people and we were here to register her, she answered rather abruptly that she did not want to re-register; [] asked her again, and she said that she did not want to re-register and closed the door.

[] then said to me that we should drop her from the Party without

C O P Y

further delay.

I then took [redacted] home and on the way over she told me about her sons, who were active in the IML and were also going to attend the coming convention.

In her house it is wonderful how harmonious everything is, each one of the family understands and agrees wholeheartedly with one another Politically and otherwise,

[redacted] asked about my wife, how she reacted toward me, if she knew about my being in the Party and why don't I take her to meetings, of the ALP Amer. Woman for Peace, even if I have to stay at home sometime, I explained that it is not as easy as all that, that my wife is not interested enough to take part in anything of the kind, goes to an occasional movie, but otherwise is not interested in anything else.

DATE: January 8, 1951. TEEAUL

A review of the membership figures for the Communist Party, USA, for the past few years reflects a decline of from approximately 74,000 members in January, 1947 to approximately 51,785 members in September, 1950.

The following are pertinent membership figures received from District No. 2:

December, 1948 - 28,391
 June, 1949 - 27,000
 December, 1949 - 25,000
 June, 1950 - 26,512.

From the above figures it appears that the membership in District No. 2, which at the present time amounts to over half of the total membership of the Communist Party, USA, is not decreasing at the same rate as in other districts. This could be attributed to unusual recruitment measures on the part of the Communist Party in District No. 2 or to the lack of reasonably accurate information concerning membership on the part of your office, which is office of origin for District No. 2. The New York Office should make every reasonable effort to obtain and keep current on a quarterly basis accurate figures relating to the Party membership in District No. 2.

Information on the membership of the Communist Party in the territory covered by the Buffalo Division is being set out below. The figures given are approximate since accurate figures are not available as a result of tight security measures by the local CP. In this connection it might be noted that on January 3, 1951, [redacted]
all of known reliability and familiar with CP activities in Buffalo, advised SA [redacted] of this office, that the registration of CP members locally has been on a more or less hit or miss basis. These informants said that in their opinion they did not think that the Party itself knew the number of members which it had in this territory. In addition, informants said that some of the members are not registering for 1951 because of the McCarran Act, but that they have indicated that they intend to continue their CP activities and to pay dues and assessments.

The subdistrict of the CP for Western New York comprises the following counties located in the Buffalo Division territory:

Allegany	Erie	Niagara
Cattaraugus	Genesee	Ontario
Chautauqua	Livingston	Orleans
Chemung	Monroe	Schuyler
Seneca	Steuben	Wayne
Woming	Yates	

The following counties of the subdistrict are in the territory of the Albany Division:

Broome	Onondaga
Tioga	Tompkins

The membership of the CP in the entire subdistrict of Western New York was, on May 9, 1950, approximately 500. This information is based on information received on May 9, 1950, from [redacted] by Special Employee [redacted] to the effect that JOHN NOTO, Chairman of the Subdistrict of the CP for Western New York, told him that there were about 500 CP members in the subdistrict. The number of CP members in the territory of the Buffalo Division is believed to be at the present time approximately 364.

The above figures are based on the following information: On January 30, 1950, [redacted] advised SA EDWIN F. DOOLEY that the Buffalo membership of the CP was 292. However, on December 22, 1950, [redacted] advised SA [redacted] that he had received information from [redacted] Chairman of the Erie County CP, a few days previous, that 63 members had left the Party in Buffalo. However, the informant said that some of these members who have left the Party have refused to register only because of fear of arrest under recent legislation. They have indicated to the informant that they intend to continue their Party activities and pay CP dues and assessments.

In regard to Lackawanna, New York, on October 12, 1950, BC-151 advised Special Employee LEONARD T. McGUIRE that he had received information from [redacted] that there were thirty-nine members in Lackawanna, New York.

In regard to Rochester, New York, on March 6, 1950, [redacted] informant BC-50 advised Special Employee [redacted] that he had received information that same date from [redacted] Secretary-Treasurer, Monroe County CP, that there were 81 members registered in Rochester as of that time. No more recent information has been obtained in regard to the Rochester membership. However, if the membership loss in Rochester is computed on the same basis as the loss in Buffalo it would result in a membership figure of approximately sixty for Rochester and this figure has been used in computing the membership in the Buffalo district territory. The remaining Party members of the figure 364 in the Buffalo territory are located in Elmira, Jamestown, Niagara Falls and Canandaigua, New York.

The above is being submitted in order that the New York Division will have the appropriate figures on membership in the Buffalo territory for inclusion in its quarterly report on District No. Two.

QUARTERLY PERIOD - OCTOBER 1
THROUGH DECEMBER 31, 1950

At 15th National Convention, CPUSA, held in NYC, December 28-31, 1950, following 13 members of former National Committee were reelected: WILLIAM Z. FOSTER, EUGENE DENNIS, GUS HALL, HENRY WINSTON, JOHN WILLIAMSON, JOHN GATES, ROBERT THOMPSON, BENJAMIN J. DAVIS, IRVING POTASH, JACK STACHEL, ELIZABETH GURLEY FLYNN, GILBERT GREEN and CARL WINTER. Nine alternate members also elected: PETTIS PERRY, CLAUDIA JONES, JAMES JACKSON, FRED FINE, SIDNEY STEIN, WILLIAM SCHNEIDERMAN, ARCHIE BROWN, CLAUDE LIGHTFOOT and MARTHA STONE. Following 5 top officers reelected: WILLIAM Z. FOSTER, National Chairman; EUGENE DENNIS, General Secretary; GUS HALL, National Secretary; HENRY WINSTON, National Organizational Secretary, and JOHN WILLIAMSON, National Labor Secretary. National CP membership reported at 51,785 in September, 1950. Continuing serious financial condition alleged by CPUSA with 1950 dues collections \$50,000 below 1949 total. During re-registration period, many members dropped in order to reduce Party to hard core of reliable and trusted members. BELLA V. DODD reported as planning creation of new Marxist party.

Fifteenth New York State CP Convention held December 22-24, 1950 in NYC, at which State Committee of 15 members was elected, believed to comprise: ROBERT THOMPSON, GEORGE BLAKE, HOWARD JOHNSON, [REDACTED] SIMON W. GERSON, LILLIAN GATES, ISRAEL AMTER, ALBERT LANNON, BEN "BROOKLYN" DAVIS, [REDACTED]

[REDACTED] all of NYC; JOHN NOTO and [REDACTED] of Buffalo, and [REDACTED] of Schenectady. THOMPSON also reelected NY State Chairman. Approximately \$174,000 constituted net proceeds of District #2 from two 1950 fund drives. Many members dropped during re-registration period in order to reduce Party to hard core of reliable and trusted members. Charges of anti-leadership tendencies and sectarianism responsible for shake-up in Queens County CP leadership. Fight for peace highlighted NY State convention. District #2 disappointed at poor showing of ALP in 1950 NY State elections and defeat of Congressman VITO MARCANTONIO. ALP enrollment now lowest in its history. Internal Security Act of 1950, Smith Act and Feinberg Law continue to be attacked by District #2. District #2

MEMBERSHIP

(Bureau File 100-3-68)
(New York File 100-80638)

The best estimate of the current membership of the Communist Party in District #2, which embraces all of New York State, is approximately 22,575.

The approximate membership in the New York Division is presently about 21,825.

The figure of 384 Communist Party members in the Albany Division was estimated by taking membership figures previously furnished by Albany Confidential Informants, and adding to that membership of individuals identified as members of the Party joining or transferring subsequent to the figures given by informants, and deducting from that the total members known to have left the territory or to have been expelled, or otherwise severed their connection with the Communist Party.

The estimate of 364 Communist Party members in the Buffalo Division was based on information furnished during 1950 by Confidential Informants T-33, T-34, and T-35, all of known reliability.

No current figures are available relative to membership in the New York Division, but the membership was estimated in the following manner:

The years 1947 and 1948 were taken as the norm when reasonably accurate and complete Party membership data were available to the New York Office. It was found,

NY 100-26603

ADMINISTRATIVE (Cont'd)

on the basis of National and New York State figures then available, that the New York State membership averaged 43.6% of the total National membership during that two-year period. It was then assumed that this same ratio would probably apply during the years 1949-1950.

43.6%

The September, 1950, National membership, according to Confidential Informant T-38, of known reliability, was an estimated 51,785. ~~43%~~ of this figure is approximately 22,575. By subtracting the aforementioned 748 Albany and Buffalo Division members, the approximate figure 21,825 is obtained as constituting the membership in the New York Division as of September, 1950.
